

Distribution for 09101 Carbohydrate metabolism

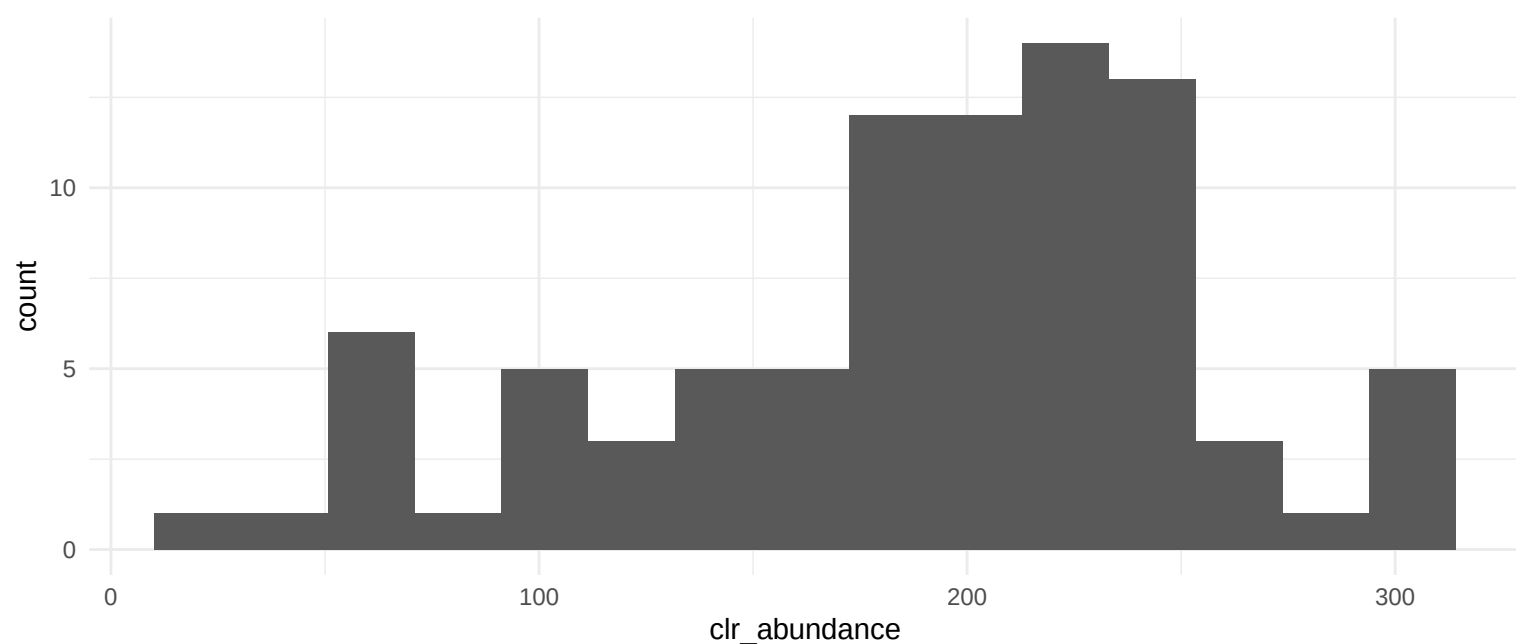

Distribution for 09102 Energy metabolism

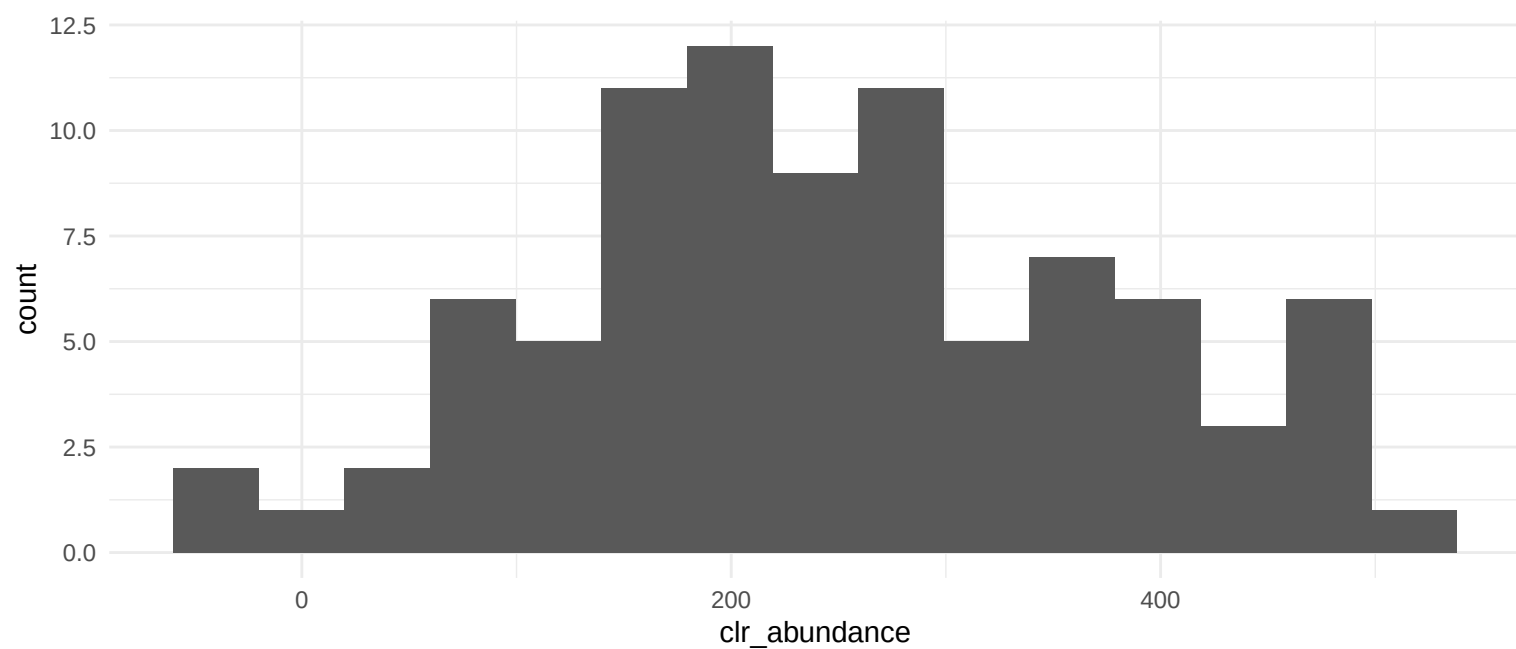

Distribution for 09103 Lipid metabolism

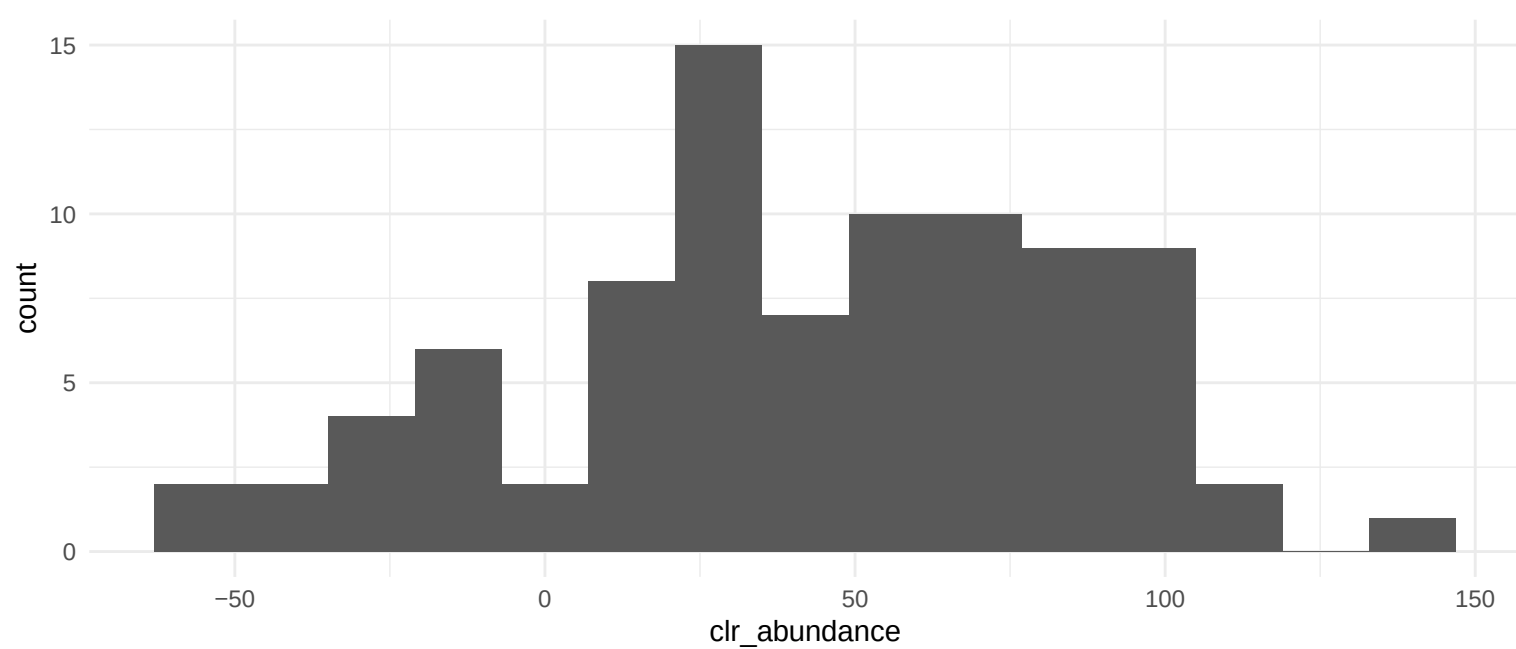

Distribution for 09104 Nucleotide metabolism

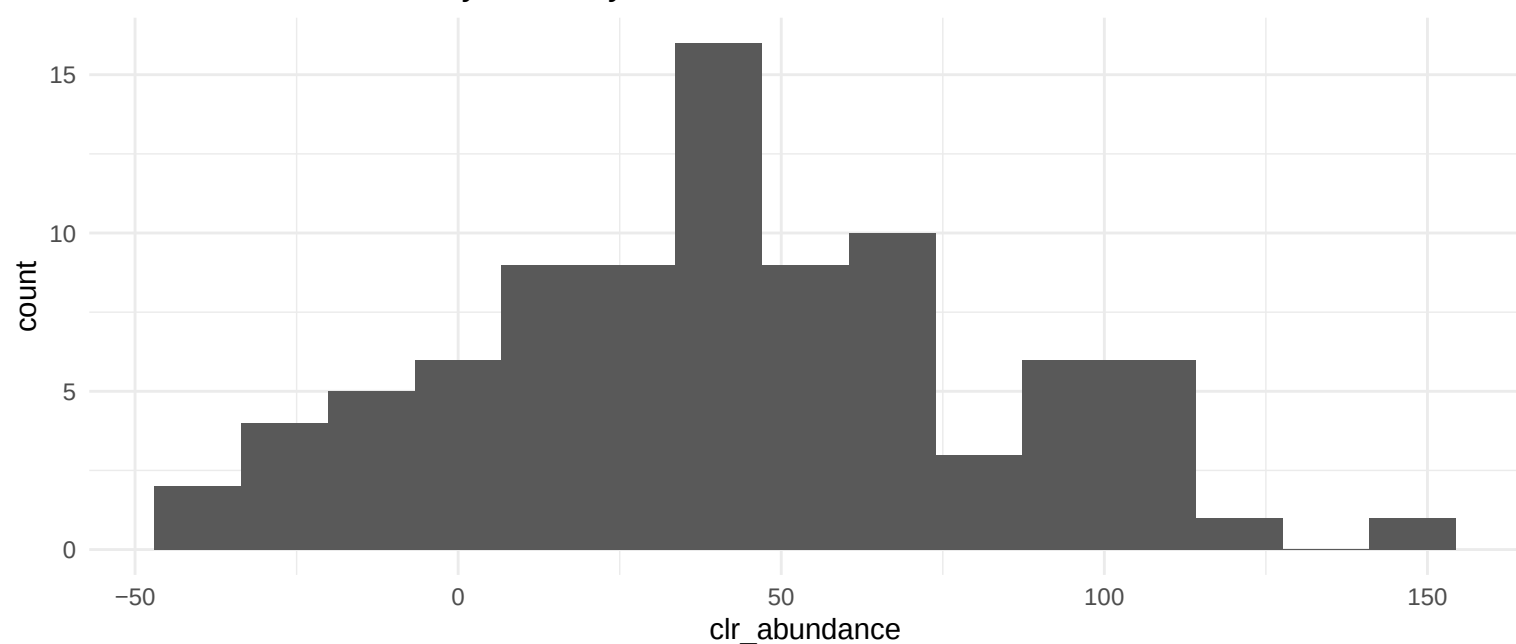

Distribution for 09105 Amino acid metabolism

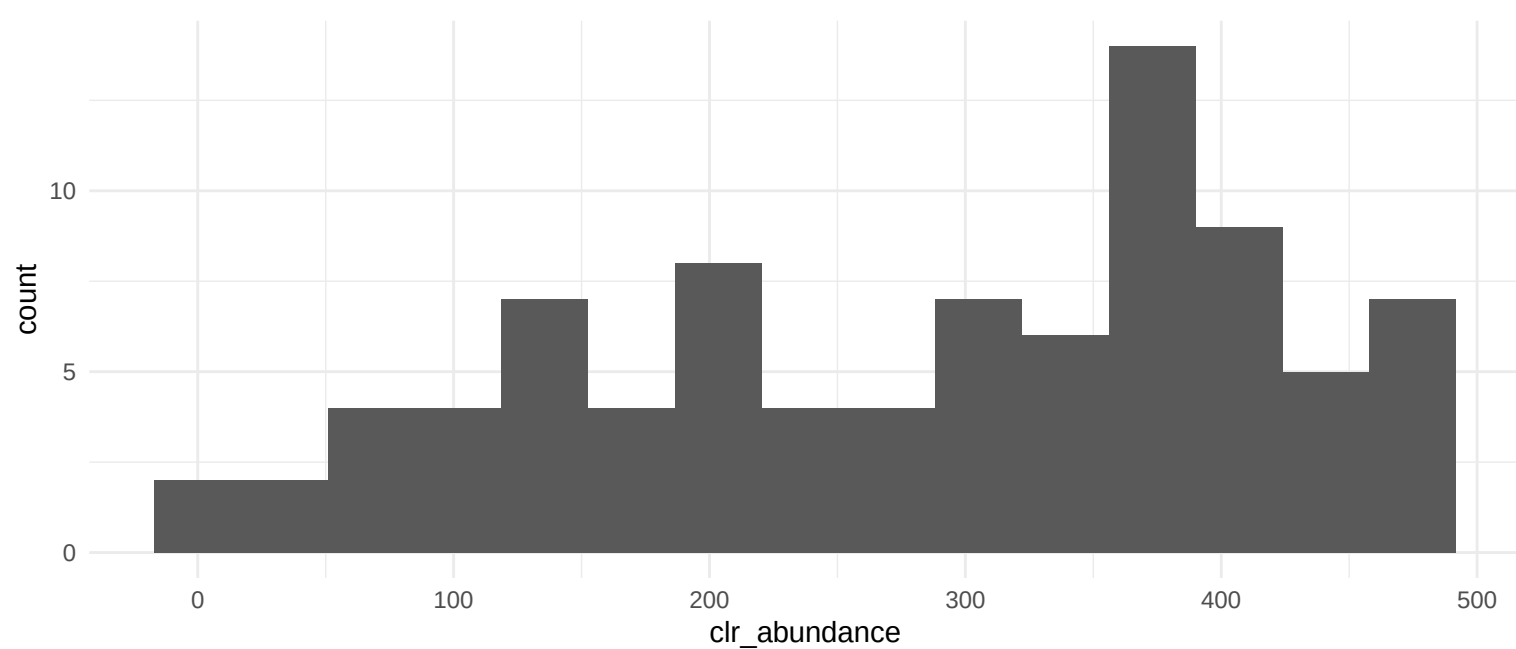

Distribution for 09106 Metabolism of other amino acids

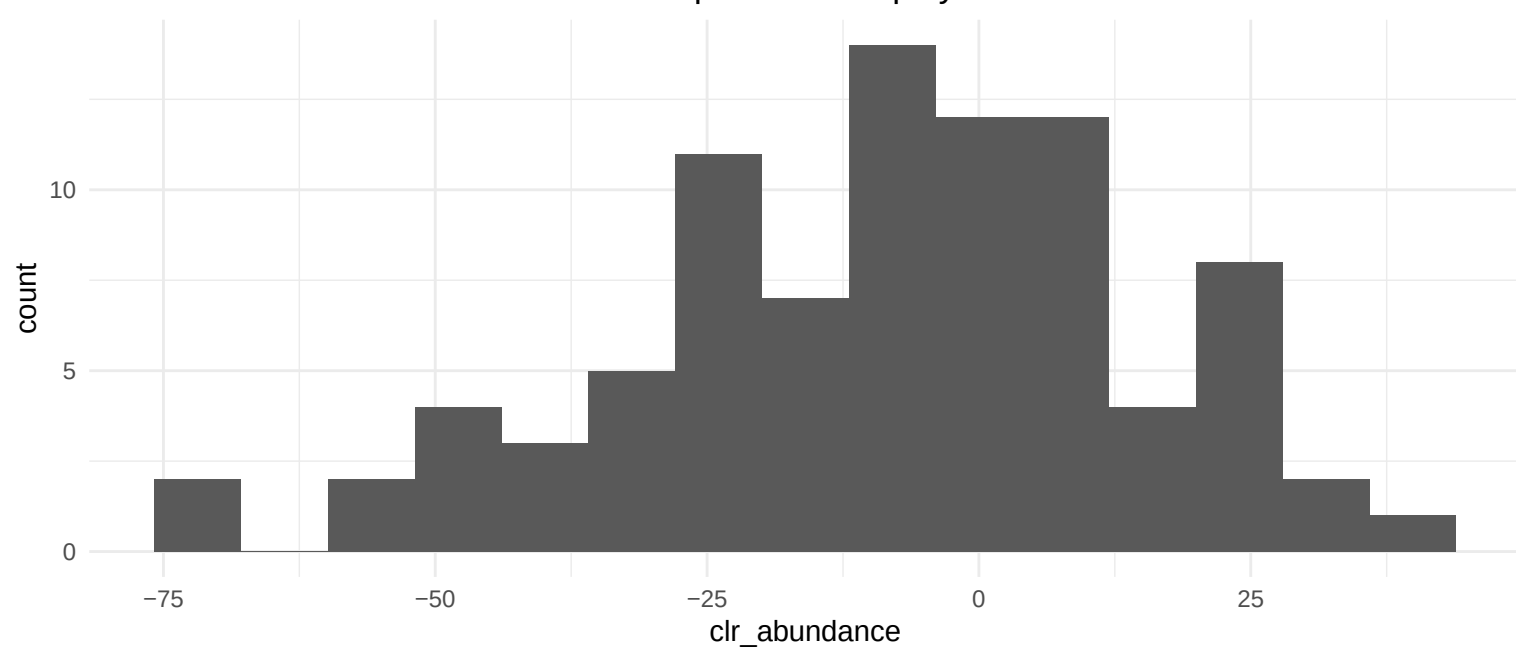

Distribution for 09107 Glycan biosynthesis and metabolism

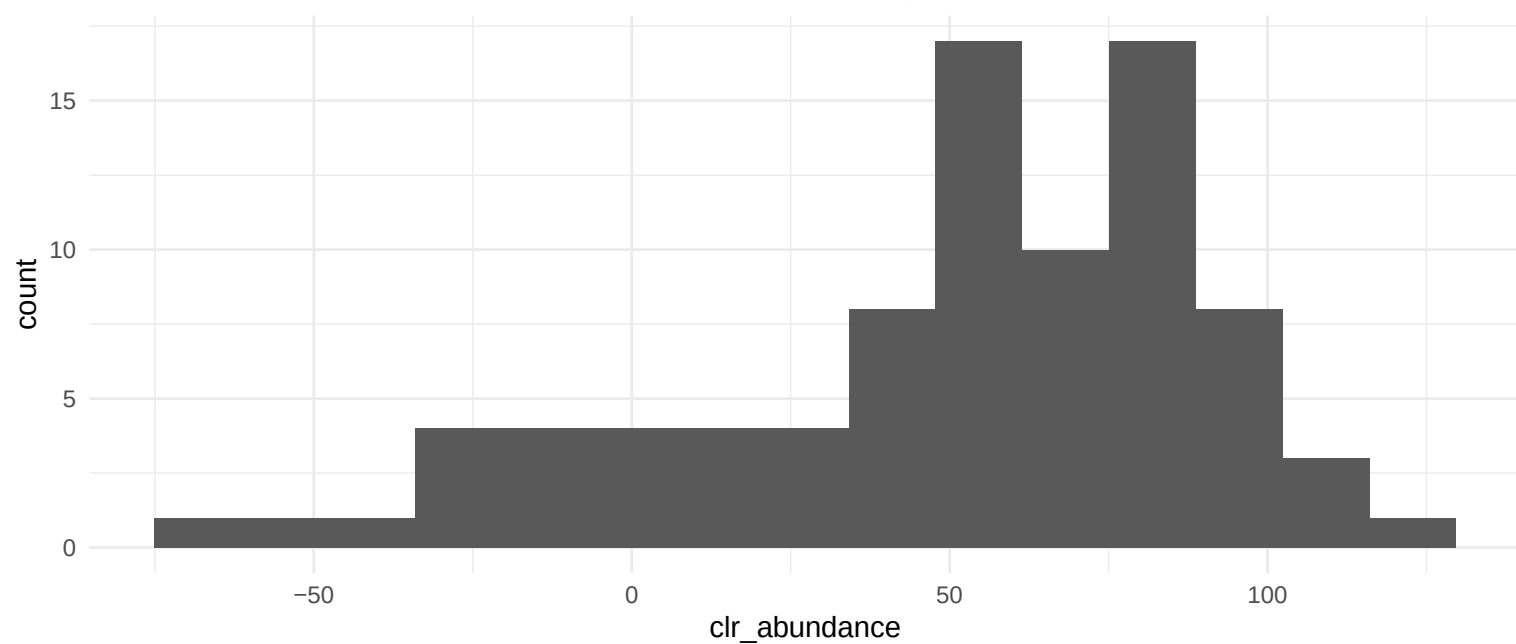

Distribution for 09108 Metabolism of cofactors and vitamins

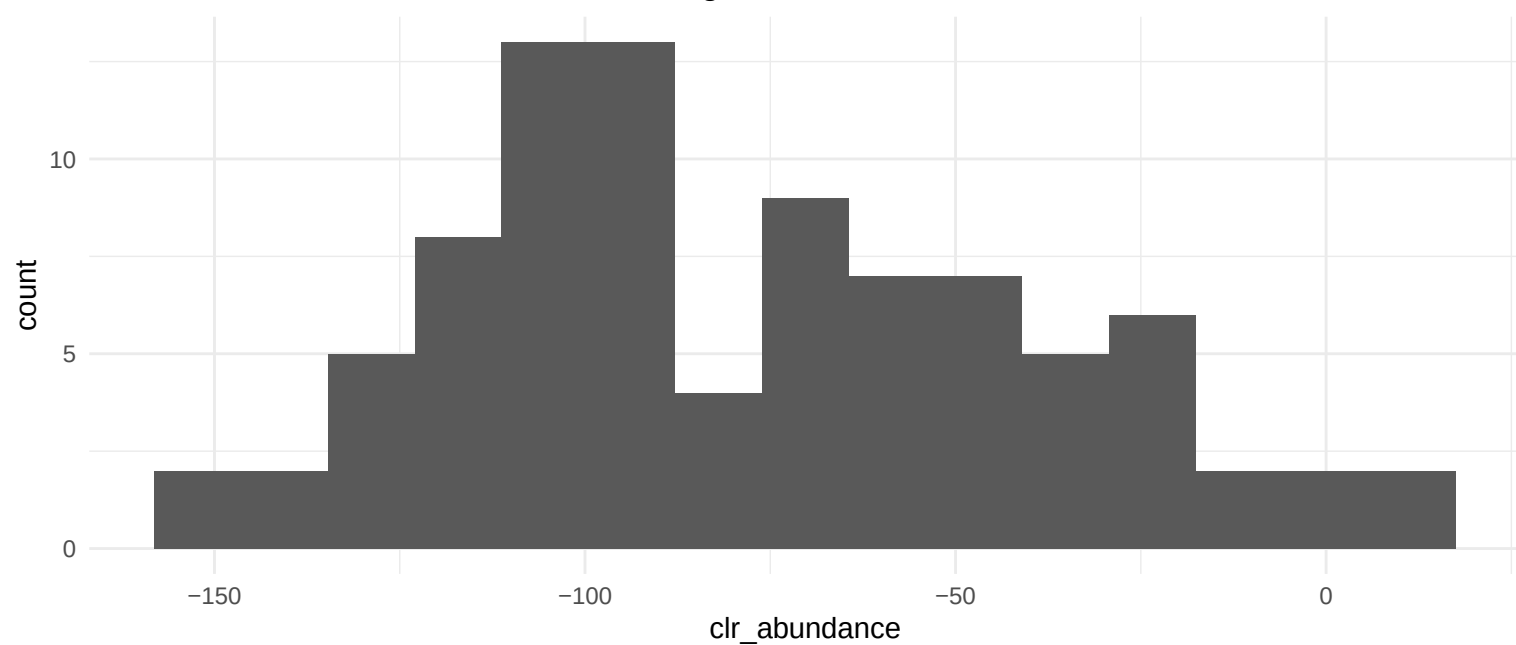

Distribution for 09109 Metabolism of terpenoids and polyketides

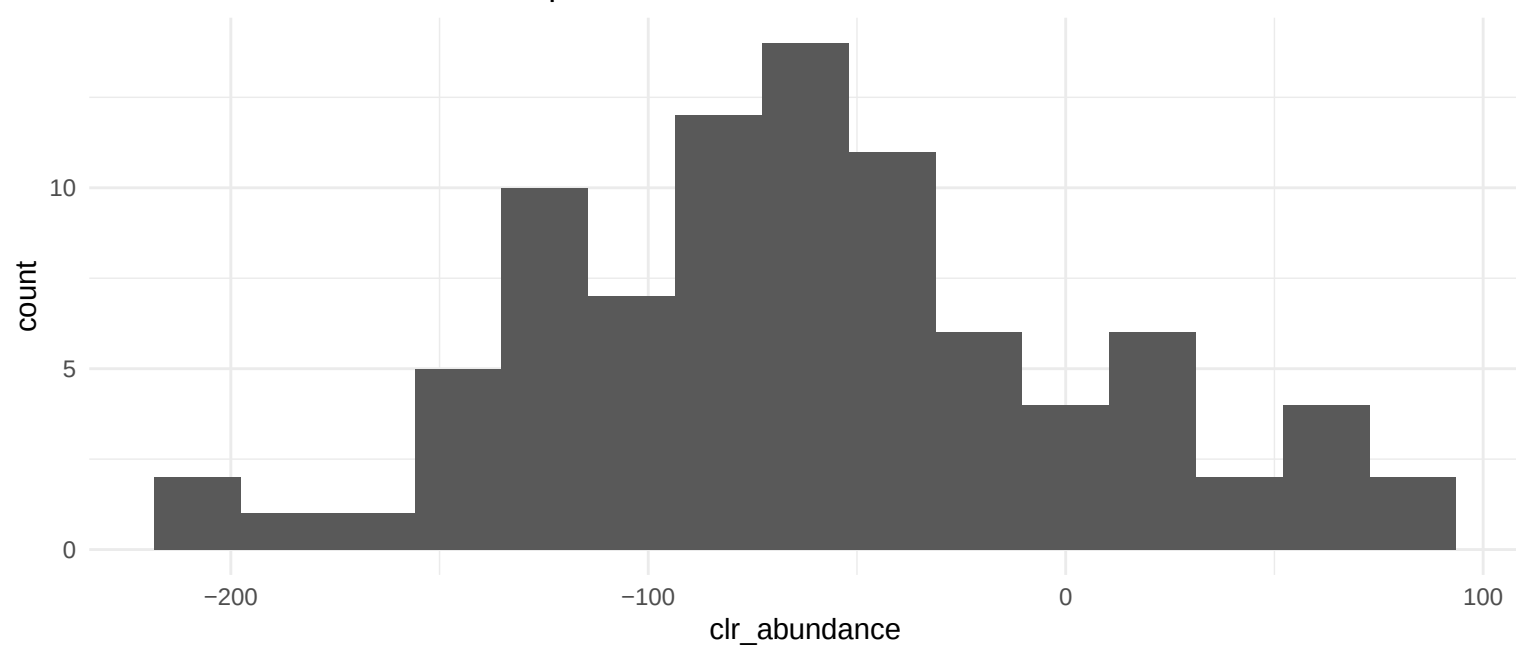

Distribution for 09110 Biosynthesis of other secondary metabolites

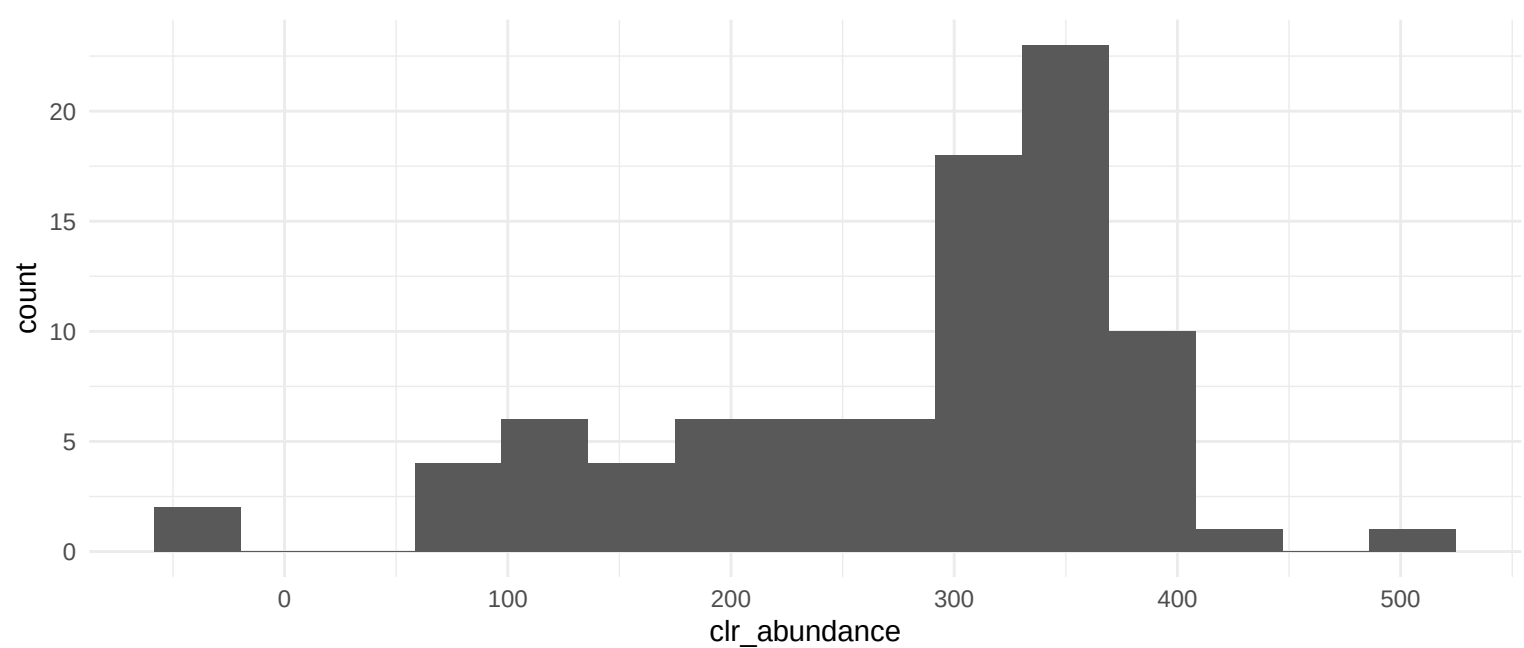

Distribution for 09111 Xenobiotics biodegradation and metabolism

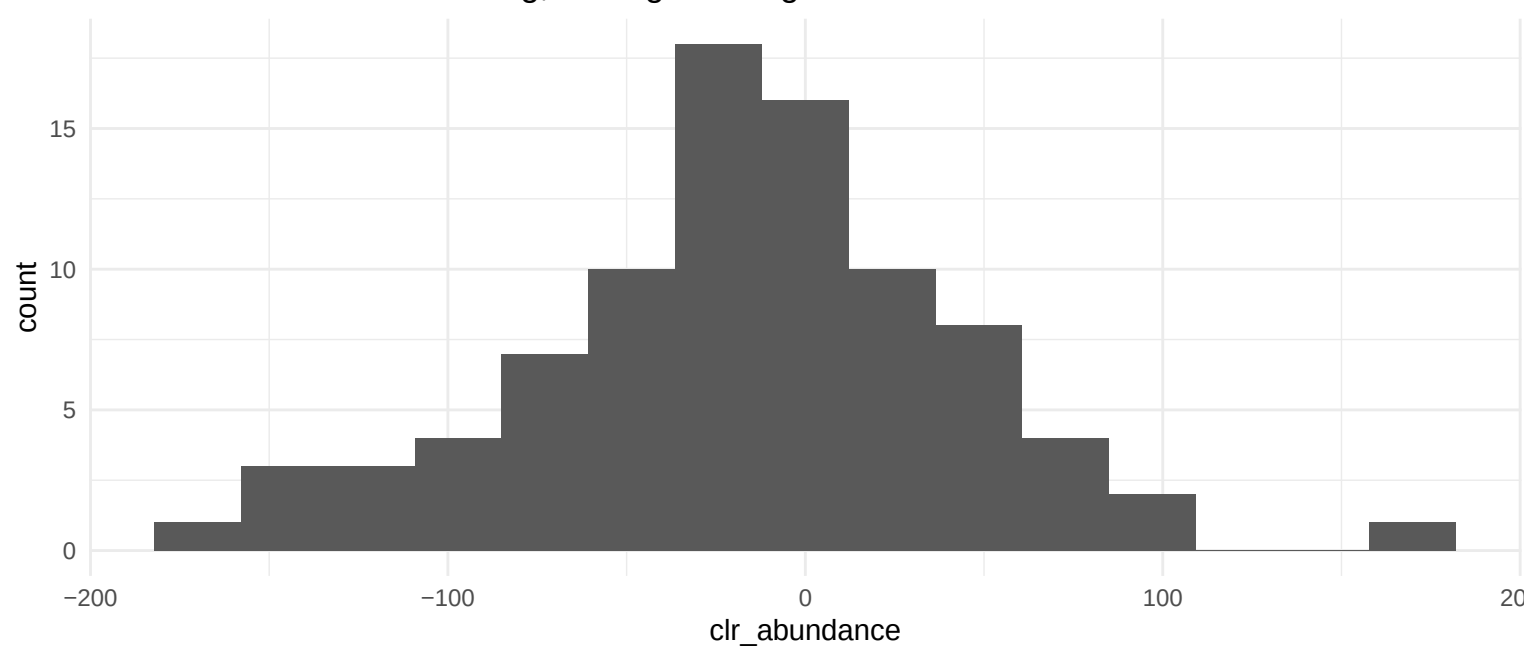

Distribution for 09121 Transcription

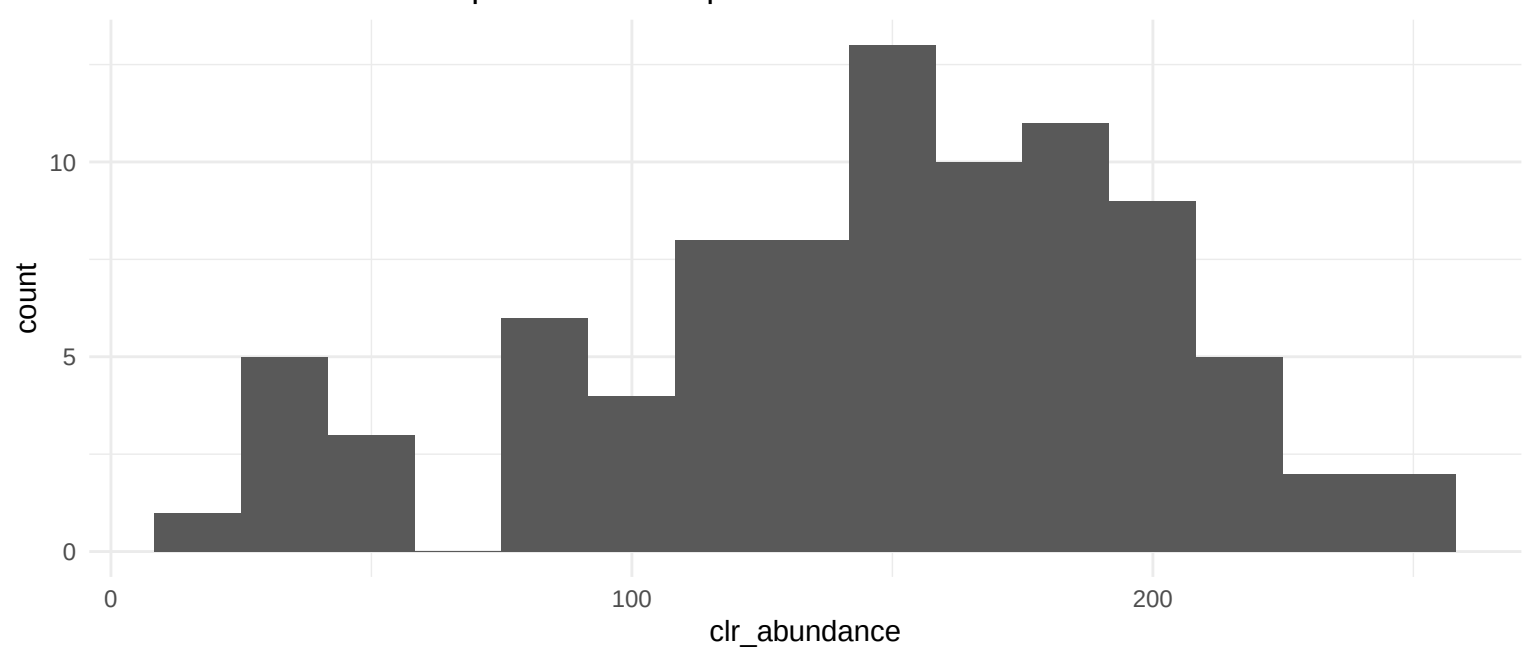

Distribution for 09122 Translation

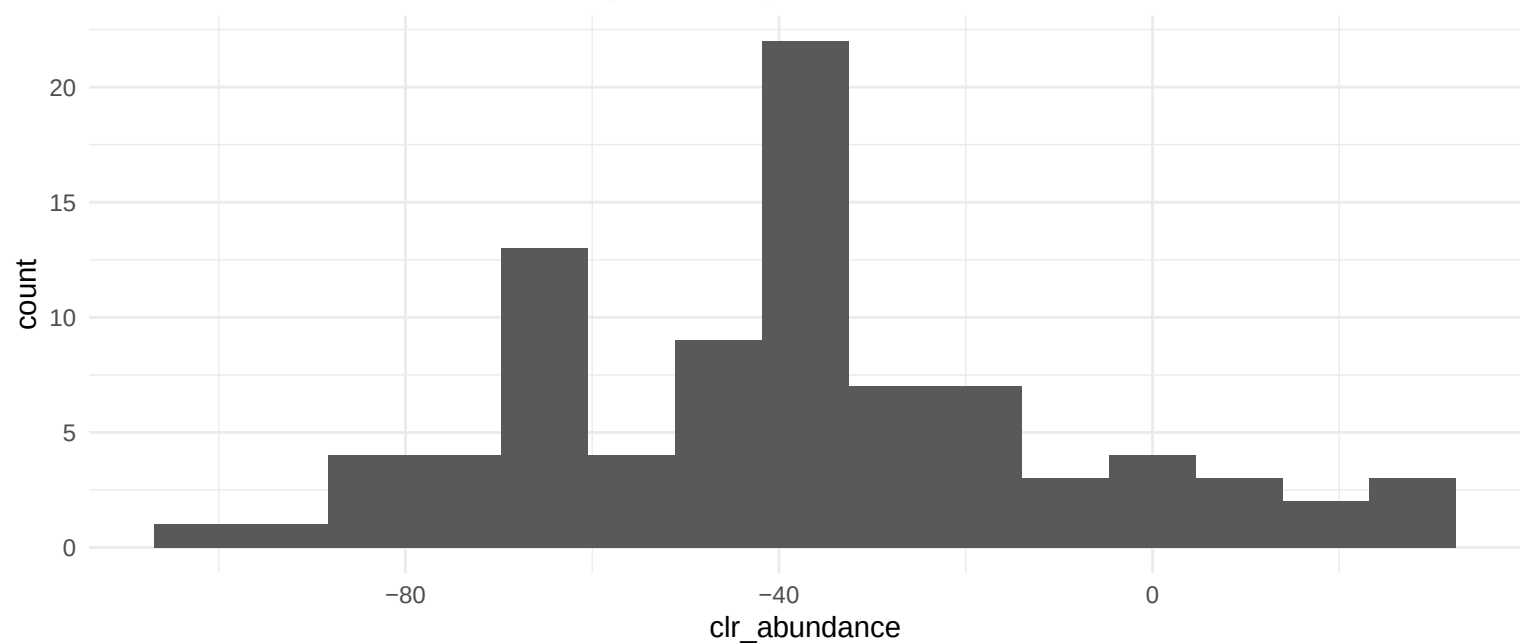

Distribution for 09123 Folding, sorting and degradation

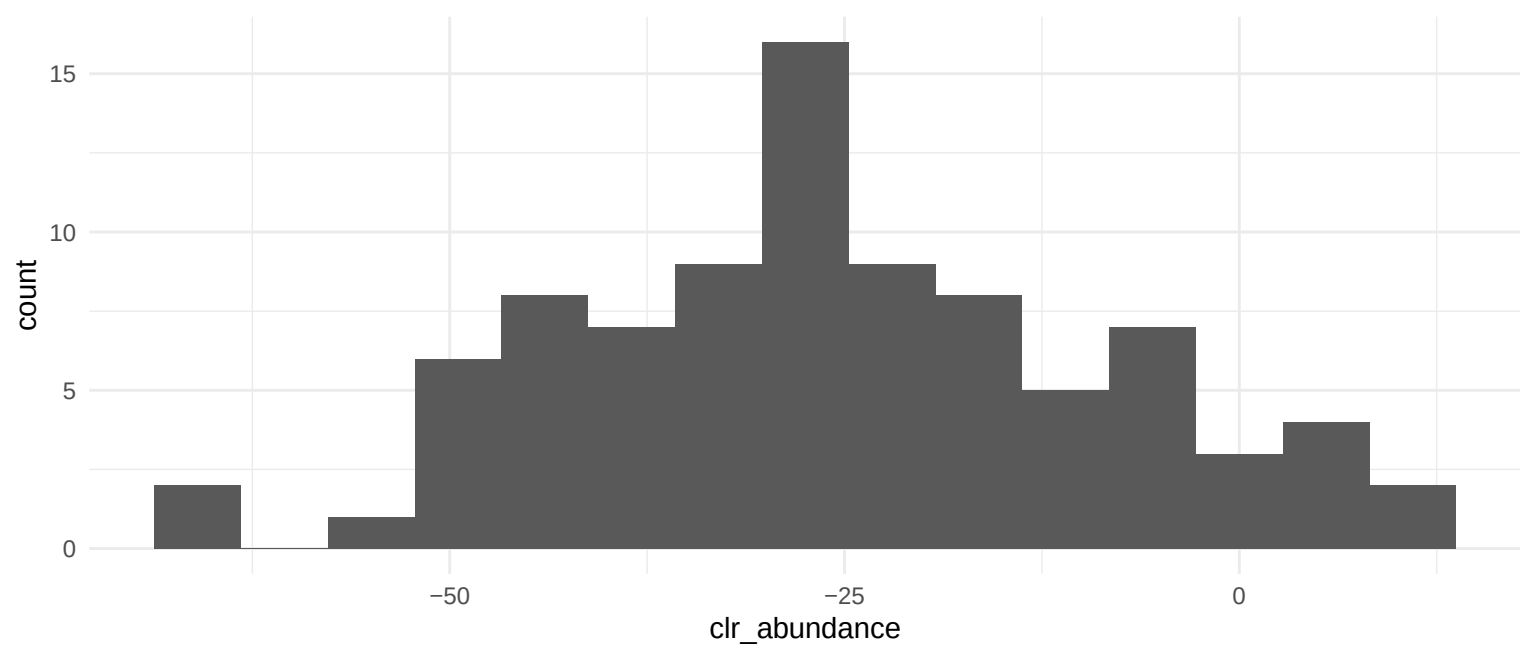

Distribution for 09124 Replication and repair

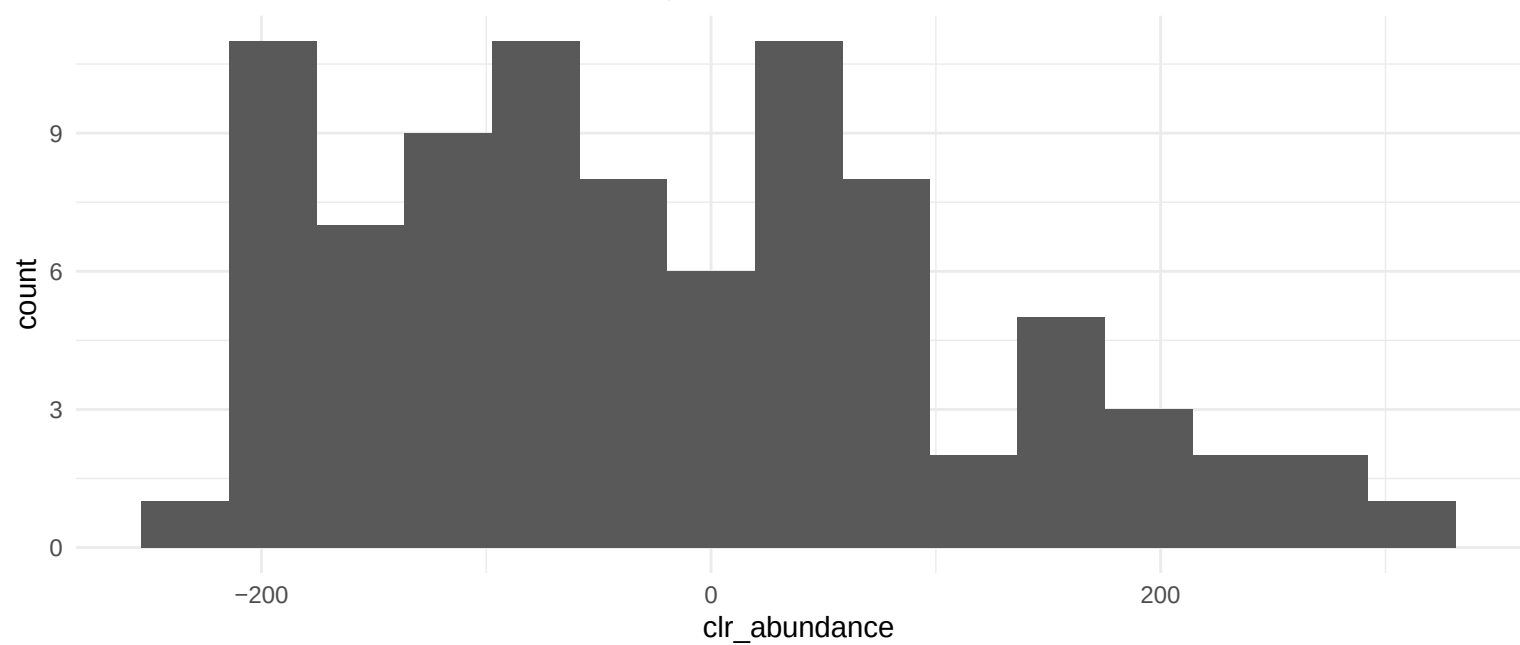

Distribution for 09125 Information processing in viruses

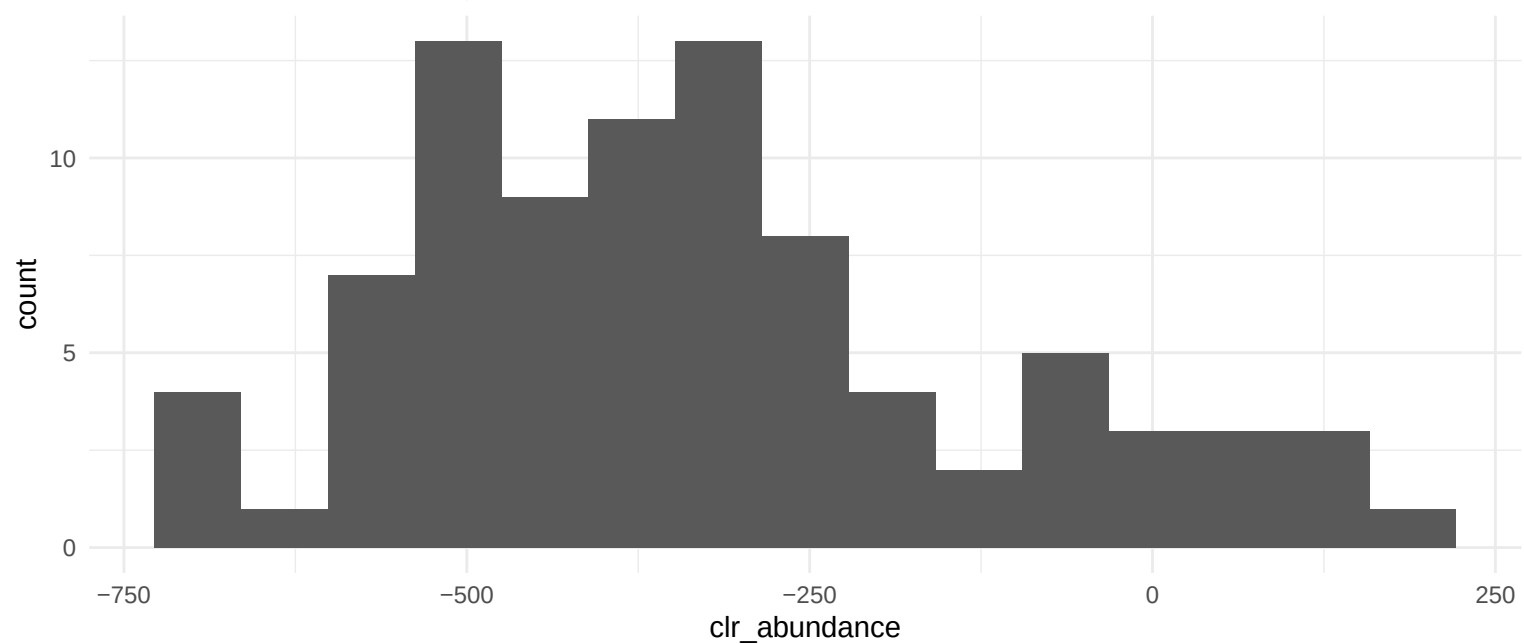

Distribution for 09126 Chromosome

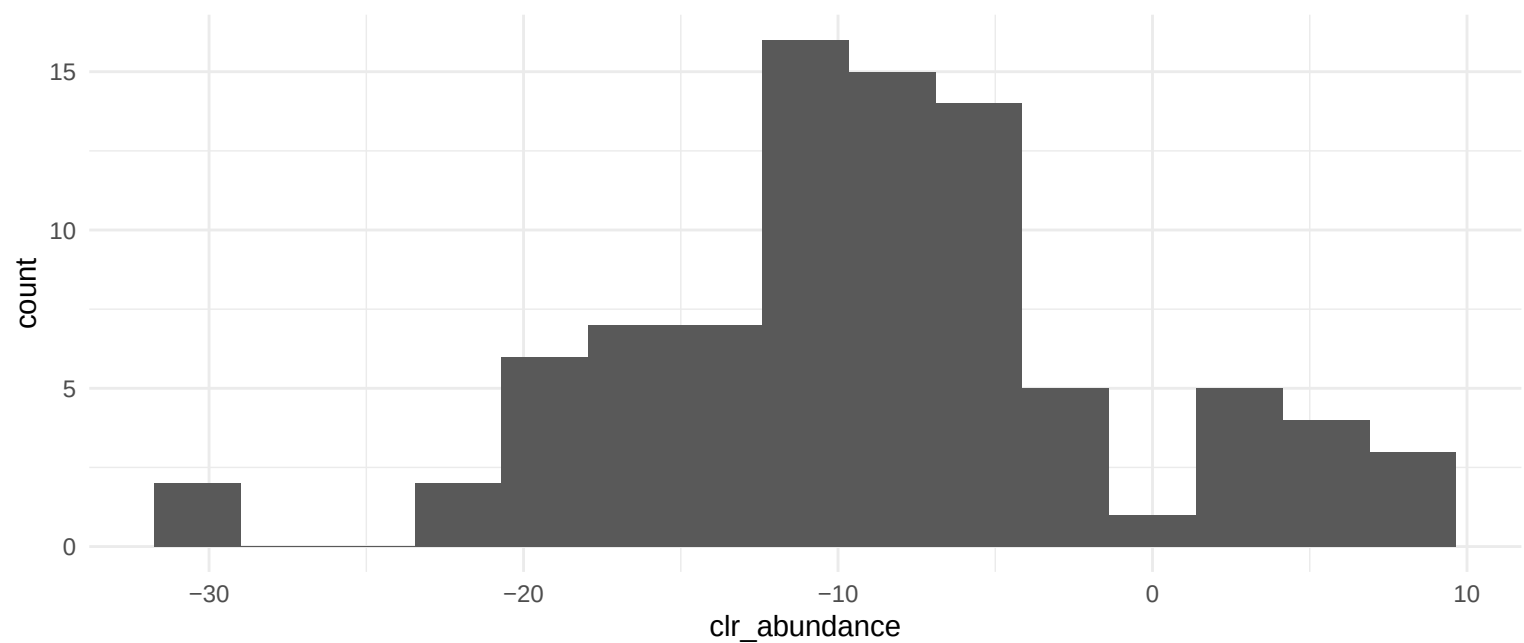

Distribution for 09131 Membrane transport

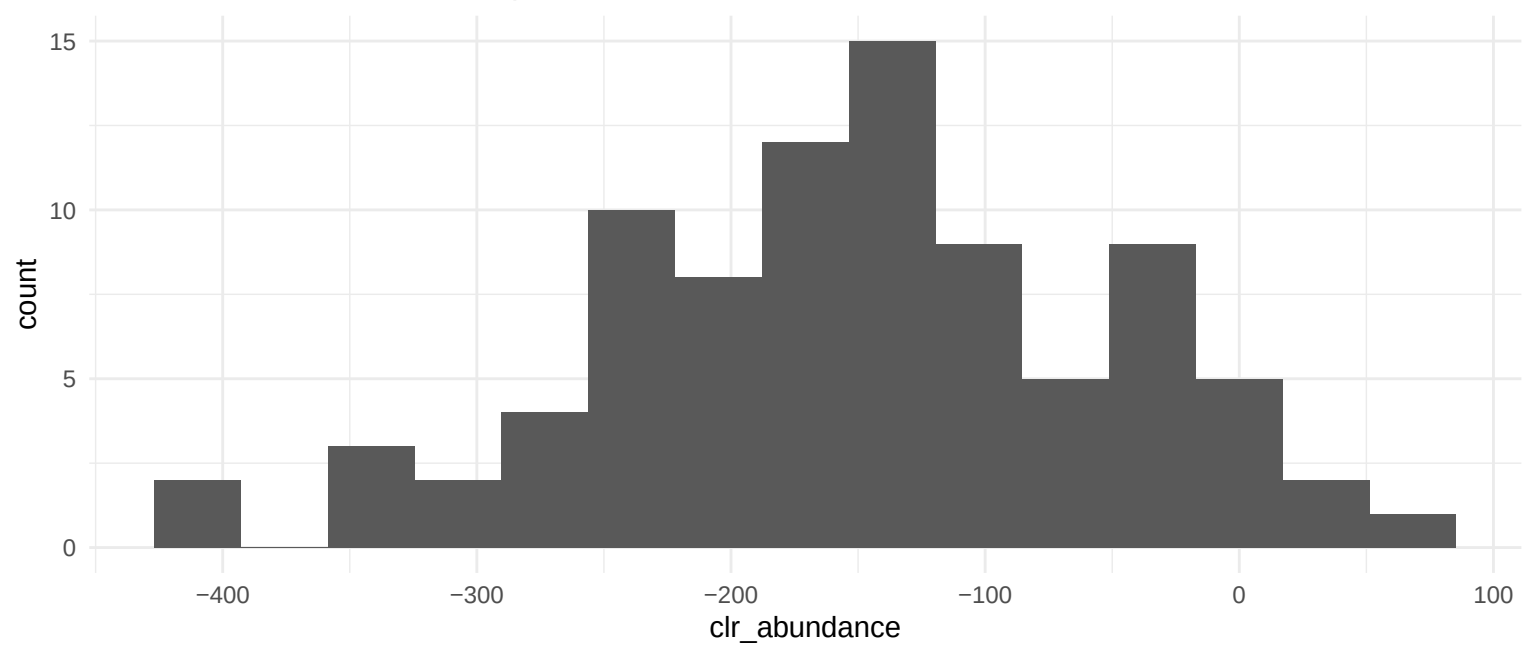

Distribution for 09132 Signal transduction

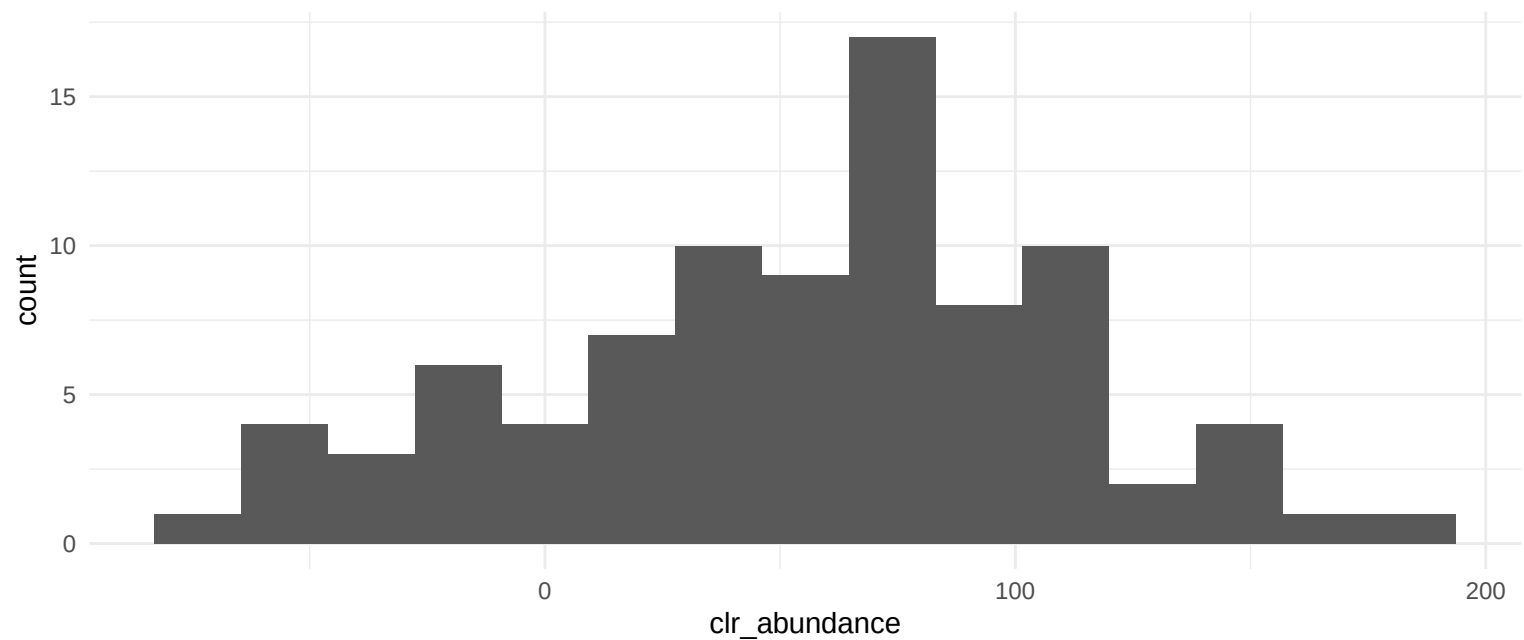

Distribution for 09133 Signaling molecules and interaction

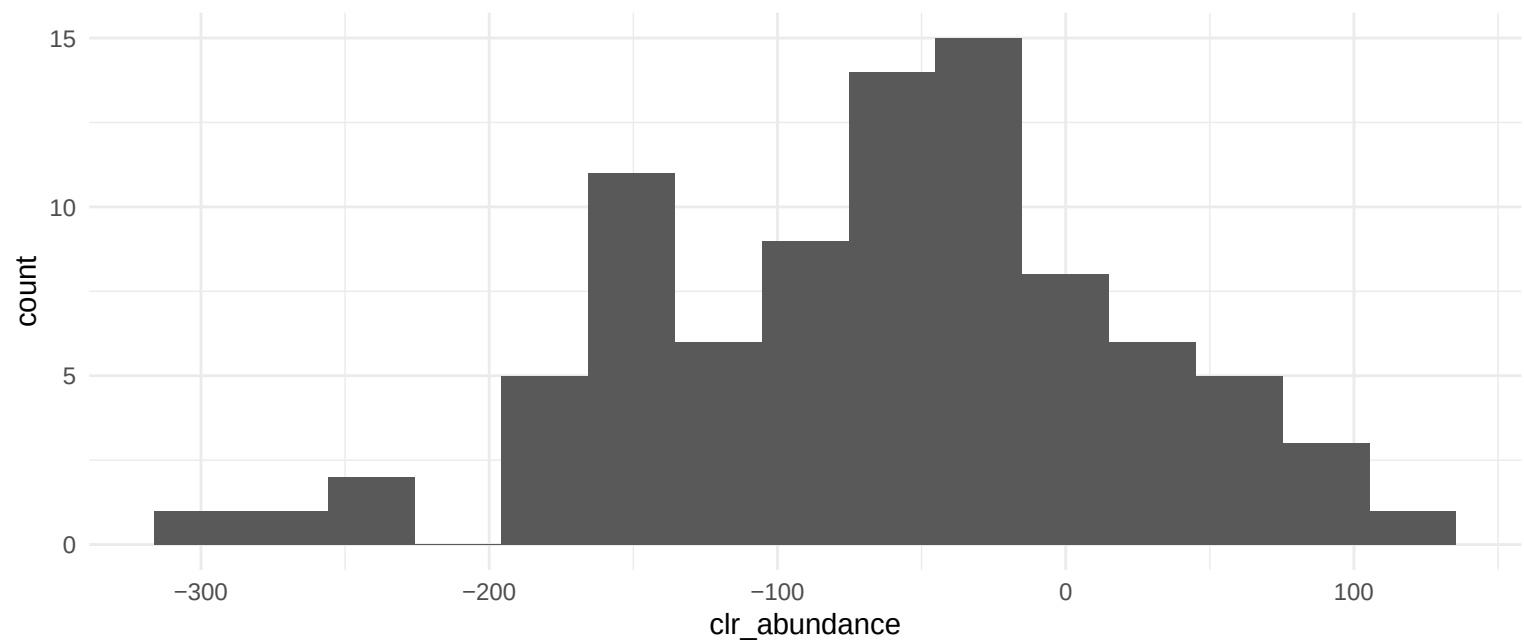

Distribution for 09141 Transport and catabolism

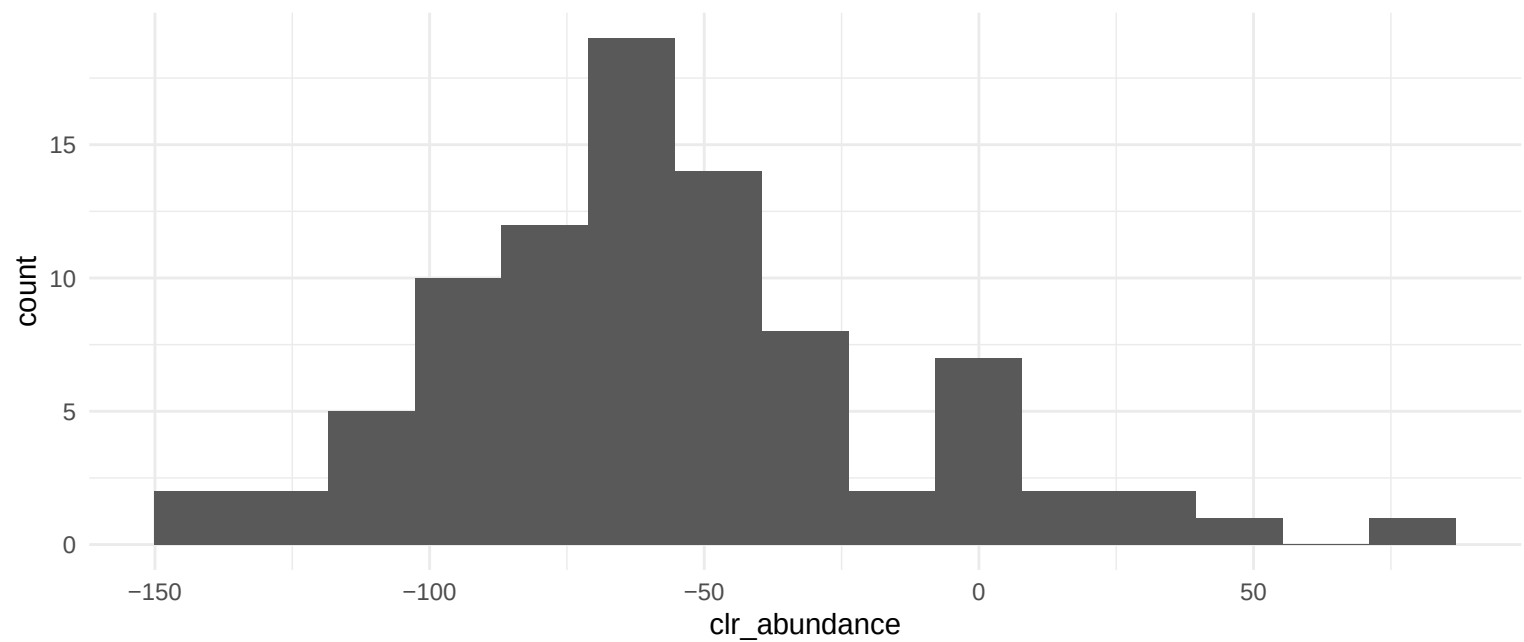

Distribution for 09142 Cell motility

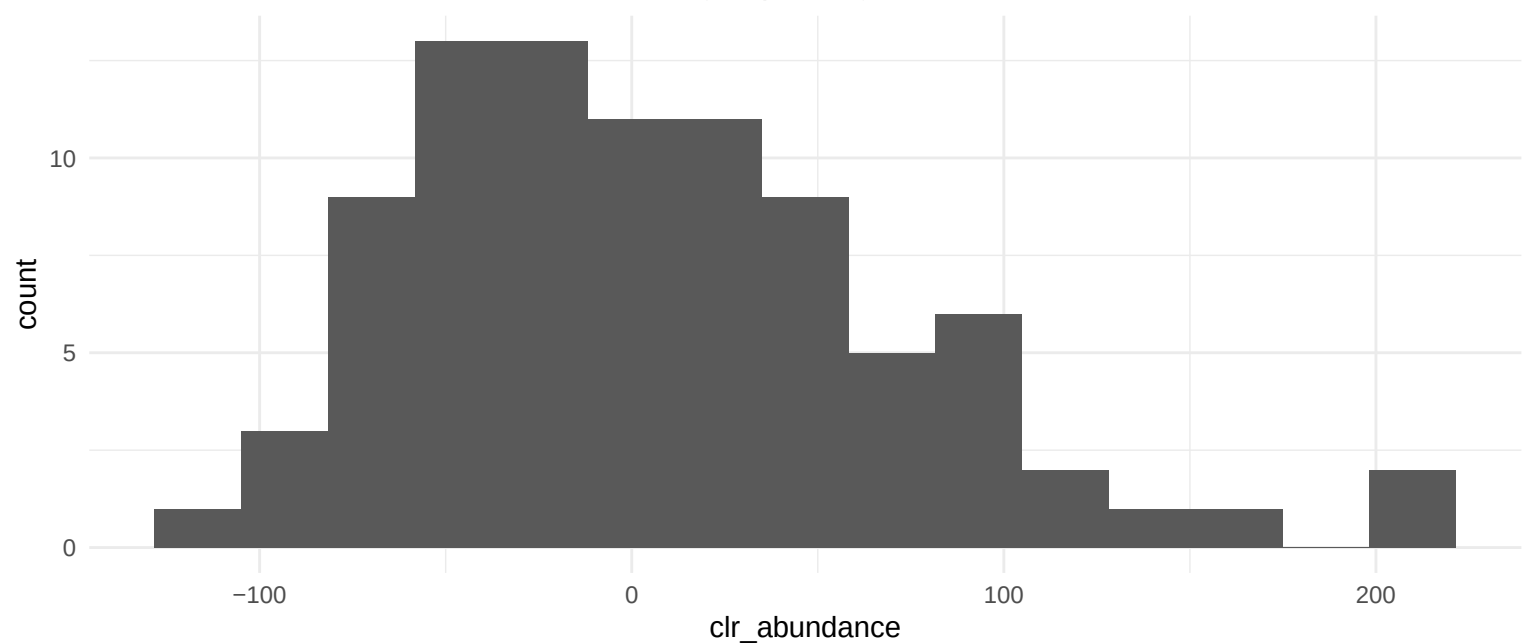

Distribution for 09143 Cell growth and death

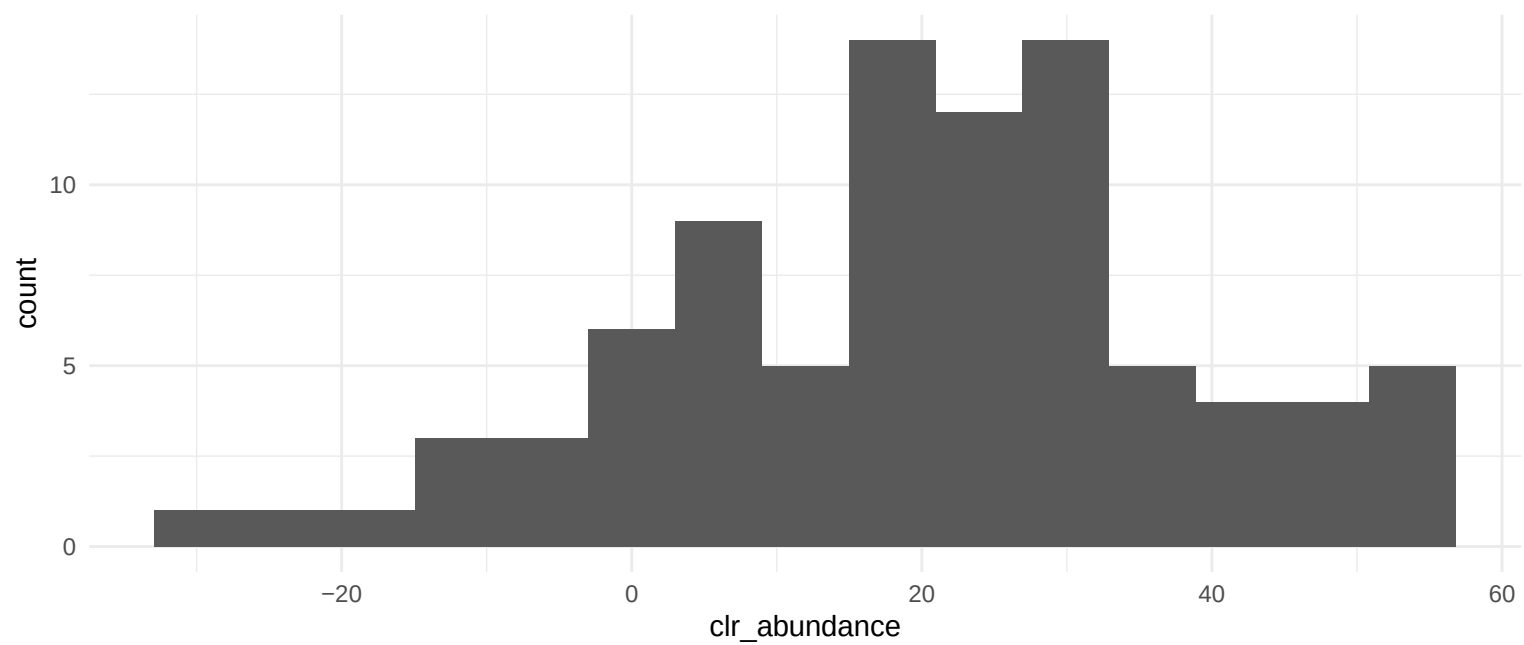

Distribution for 09144 Cellular community – eukaryotes

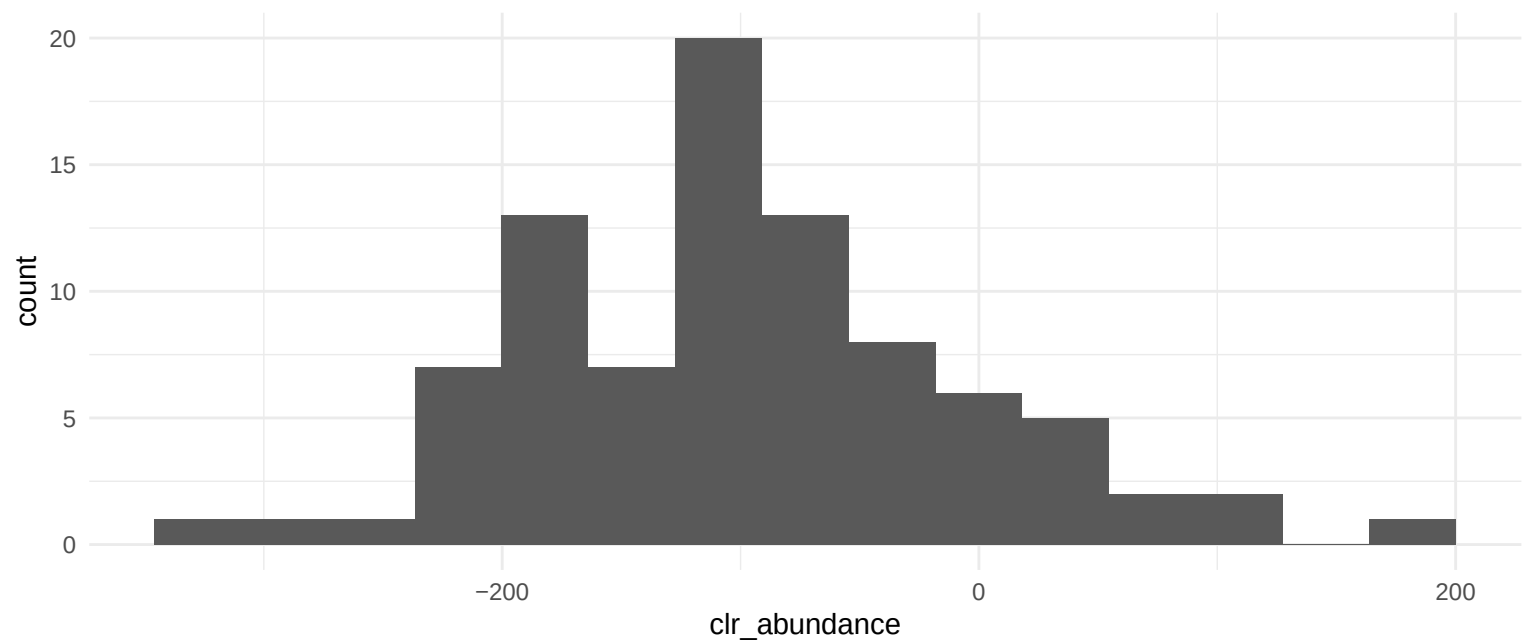

Distribution for 09145 Cellular community – prokaryotes

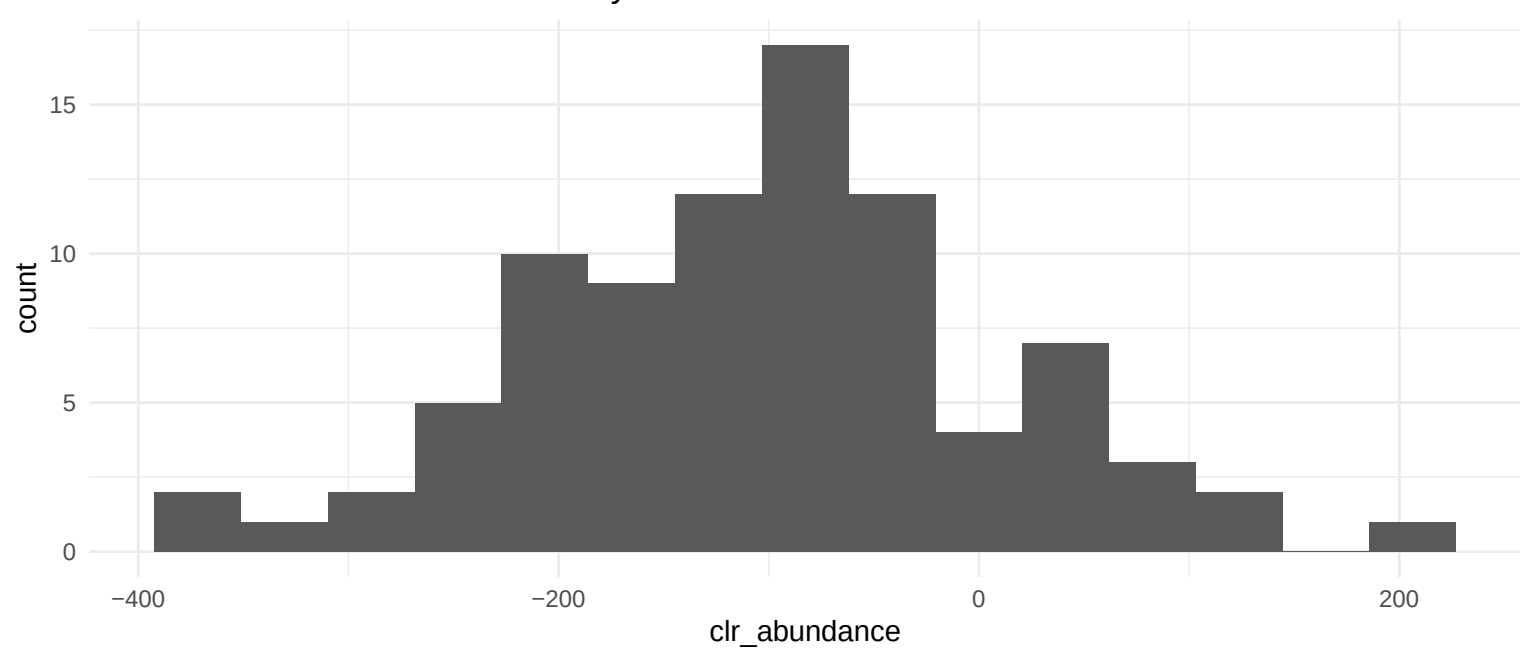

Distribution for 09149 Aging

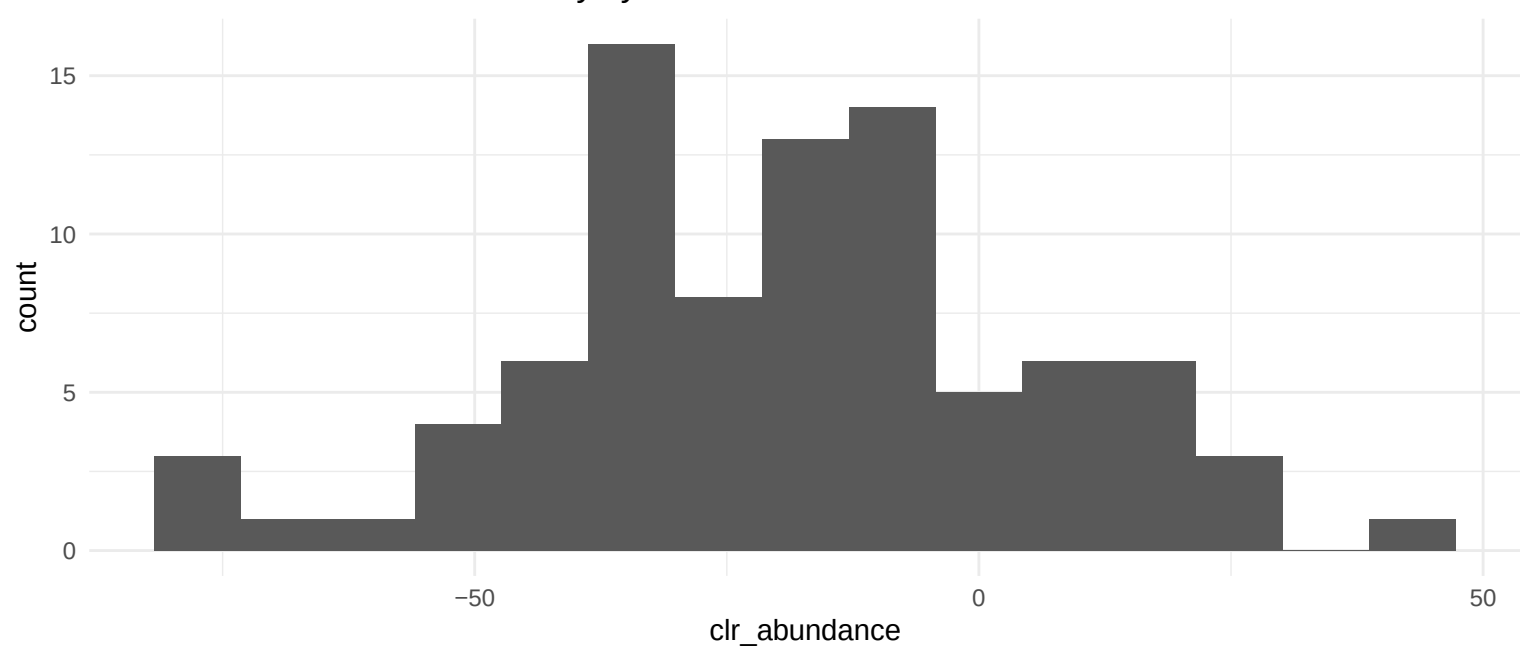

Distribution for 09151 Immune system

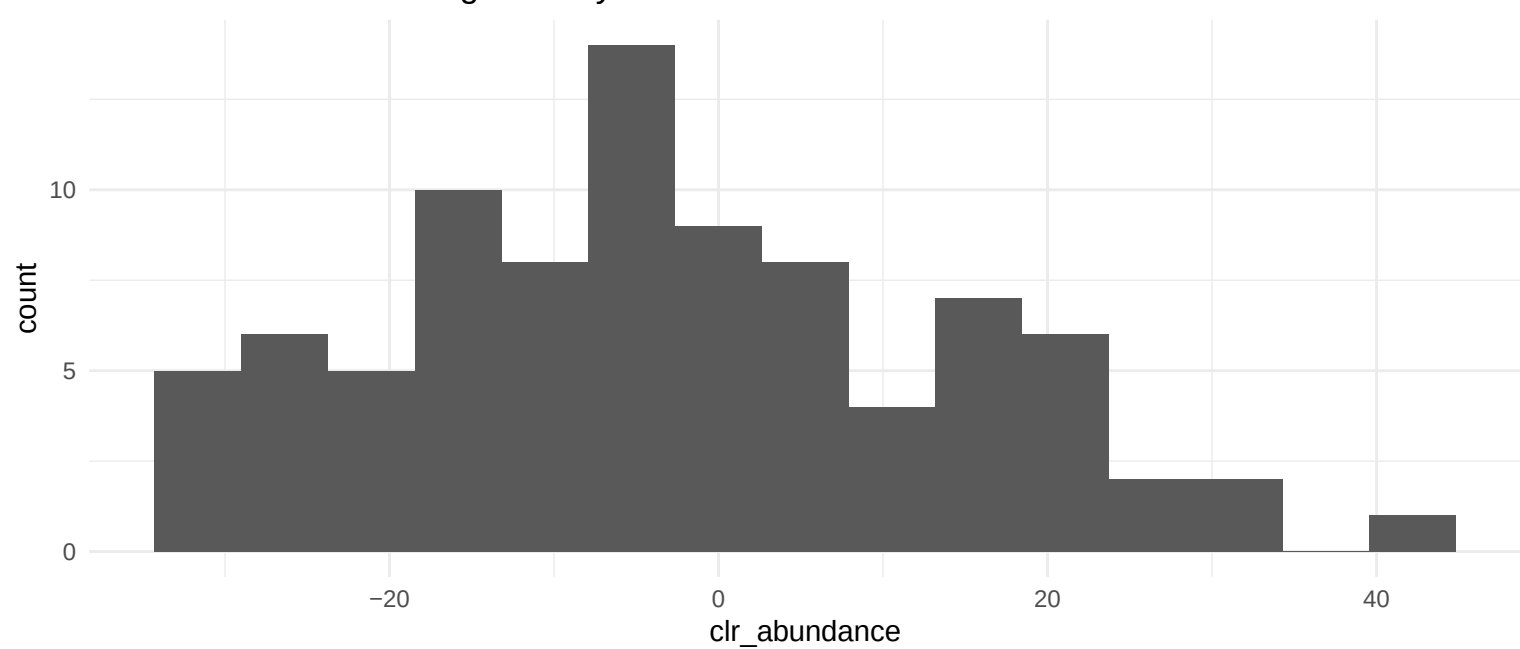

Distribution for 09152 Endocrine system

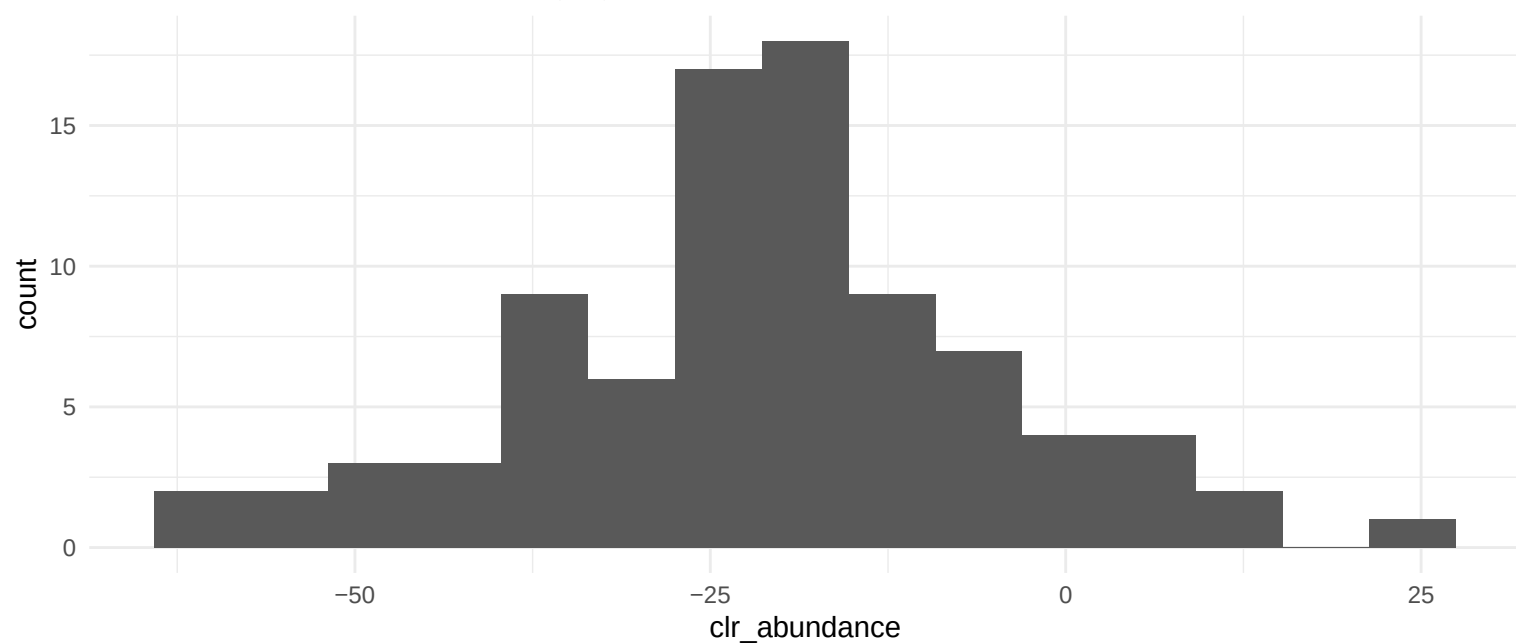

Distribution for 09153 Circulatory system

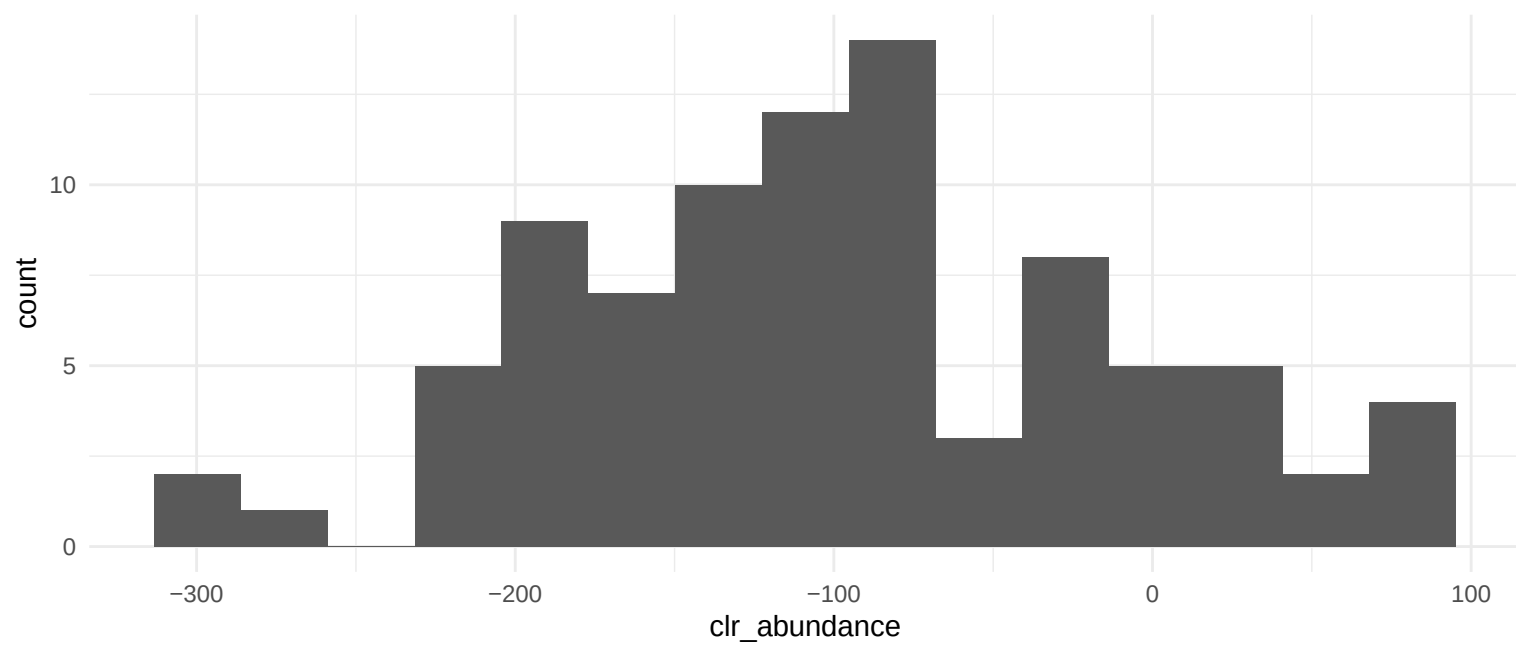

Distribution for 09154 Digestive system

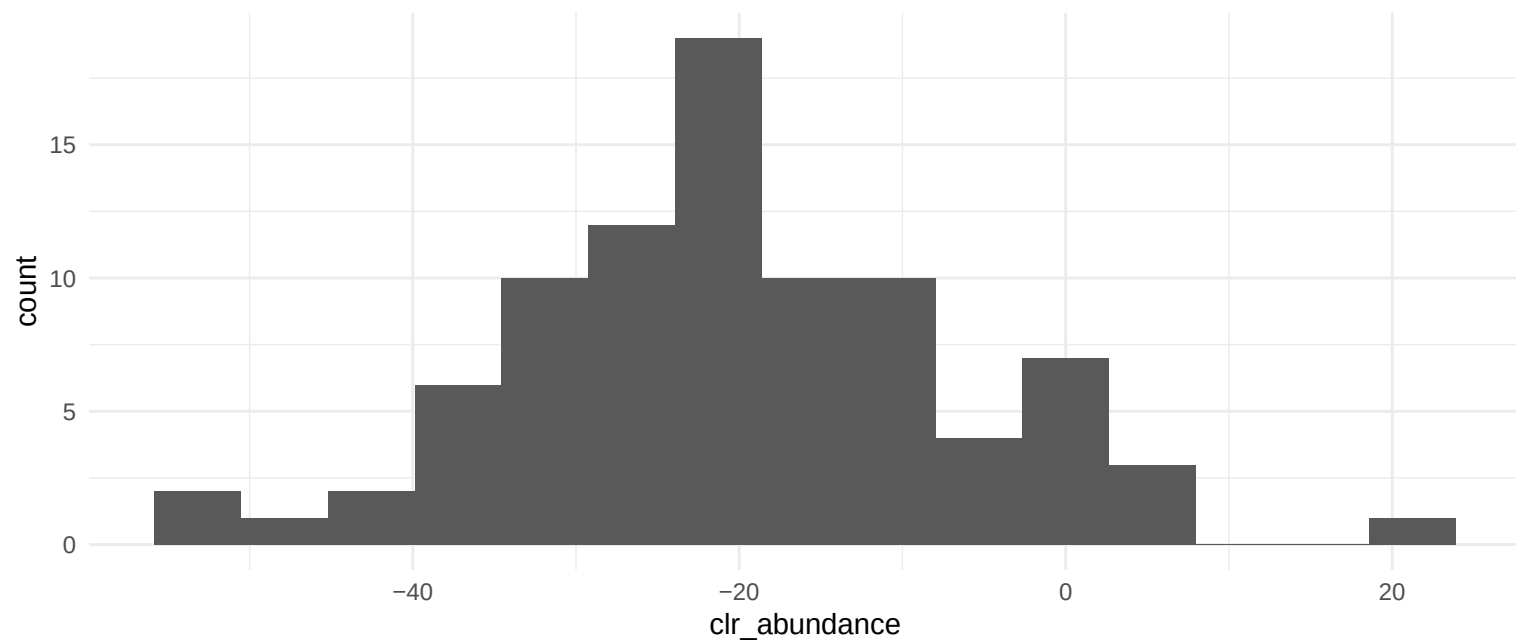

Distribution for 09155 Excretory system

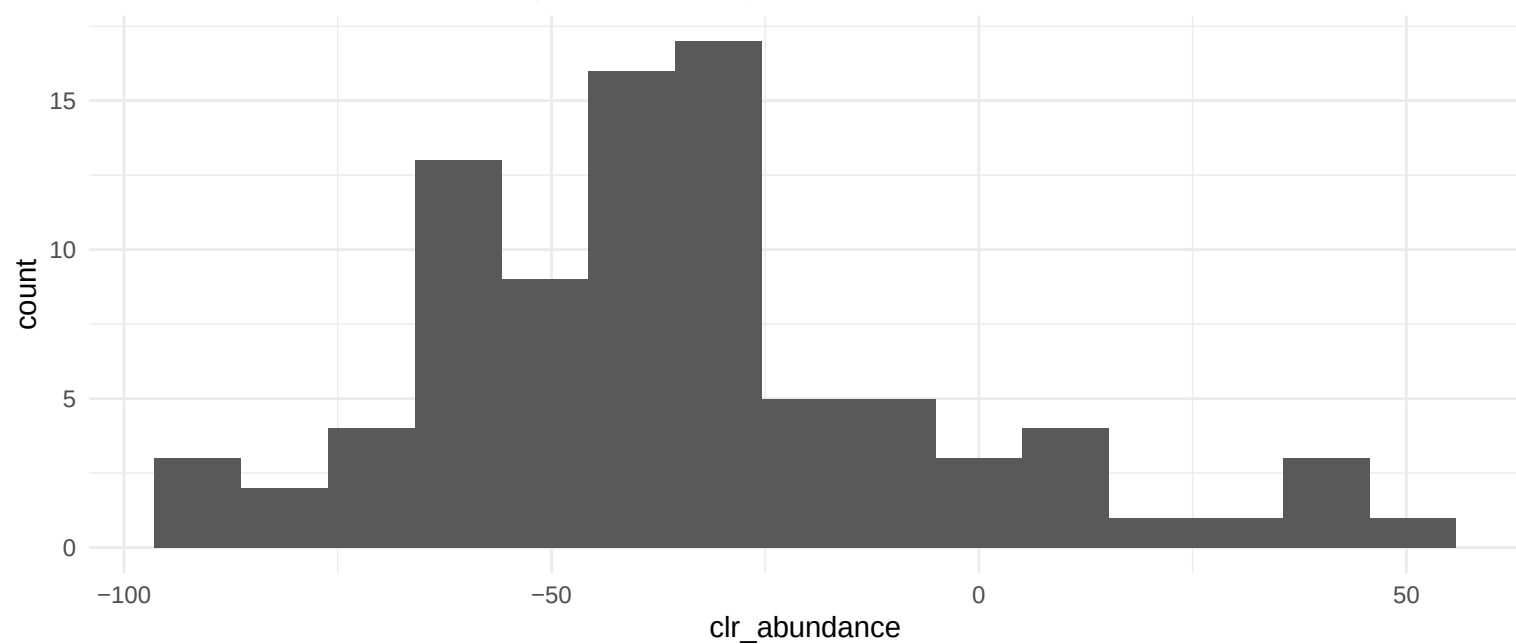

Distribution for 09156 Nervous system

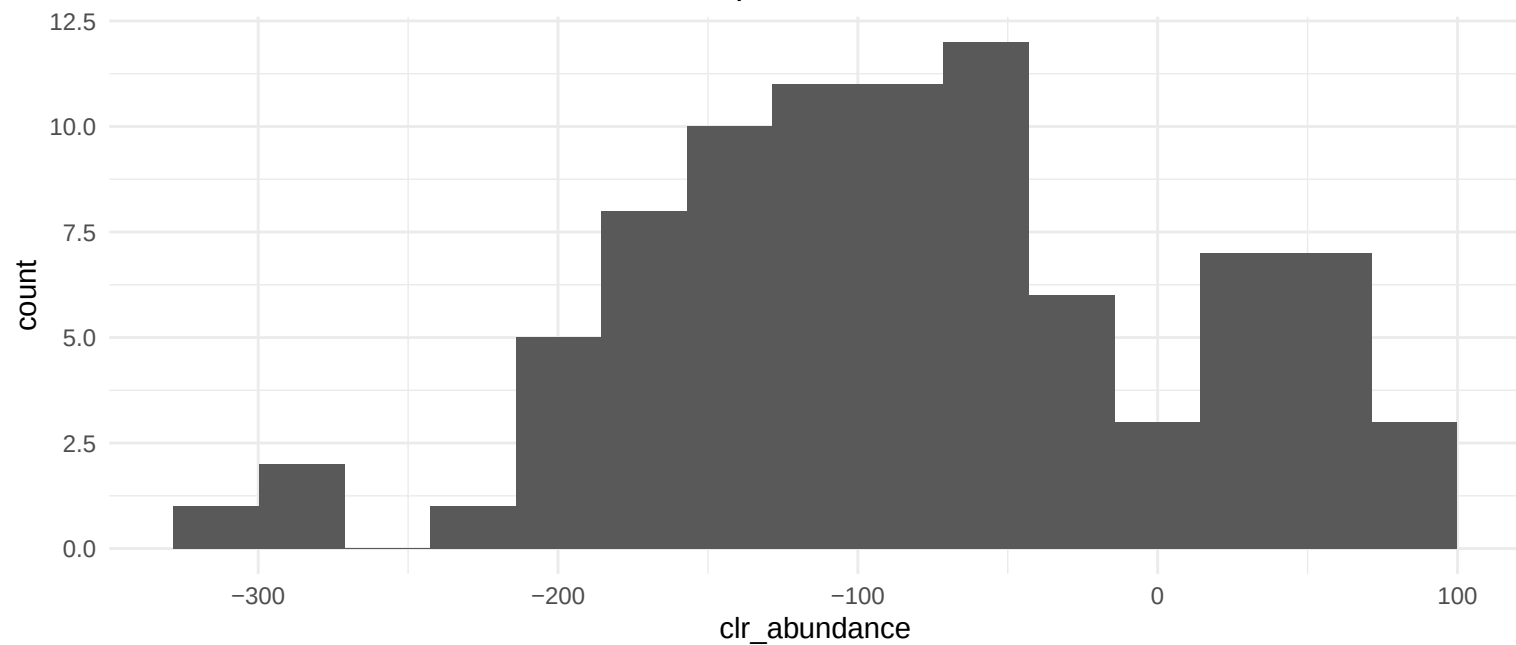

Distribution for 09157 Sensory system

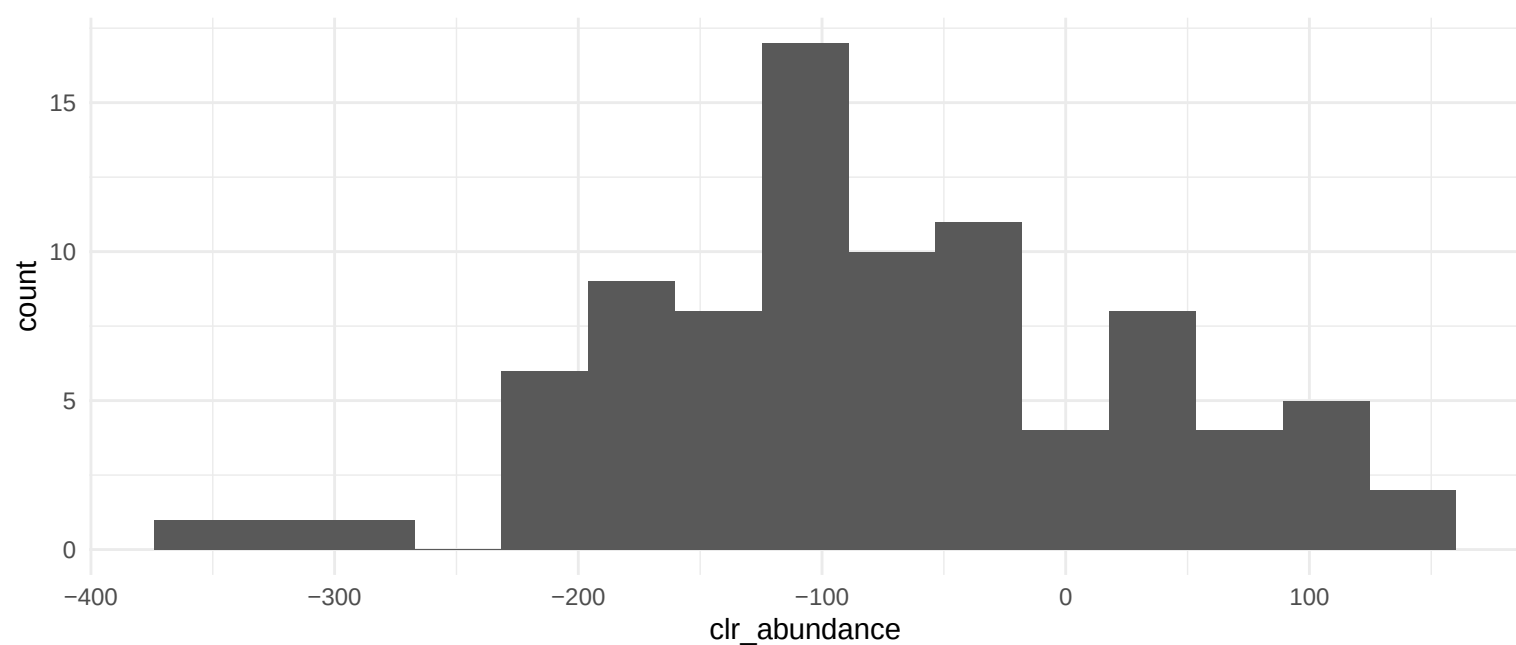

Distribution for 09158 Development and regeneration

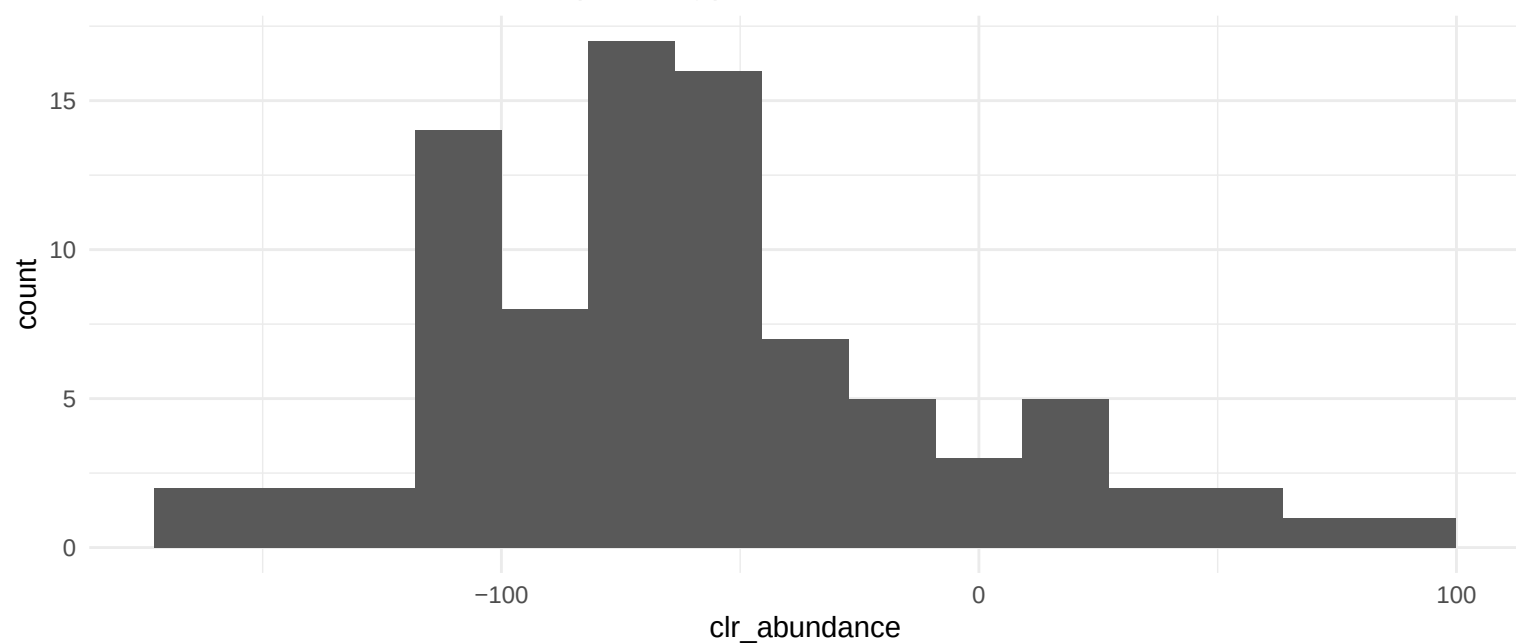

Distribution for 09159 Environmental adaptation

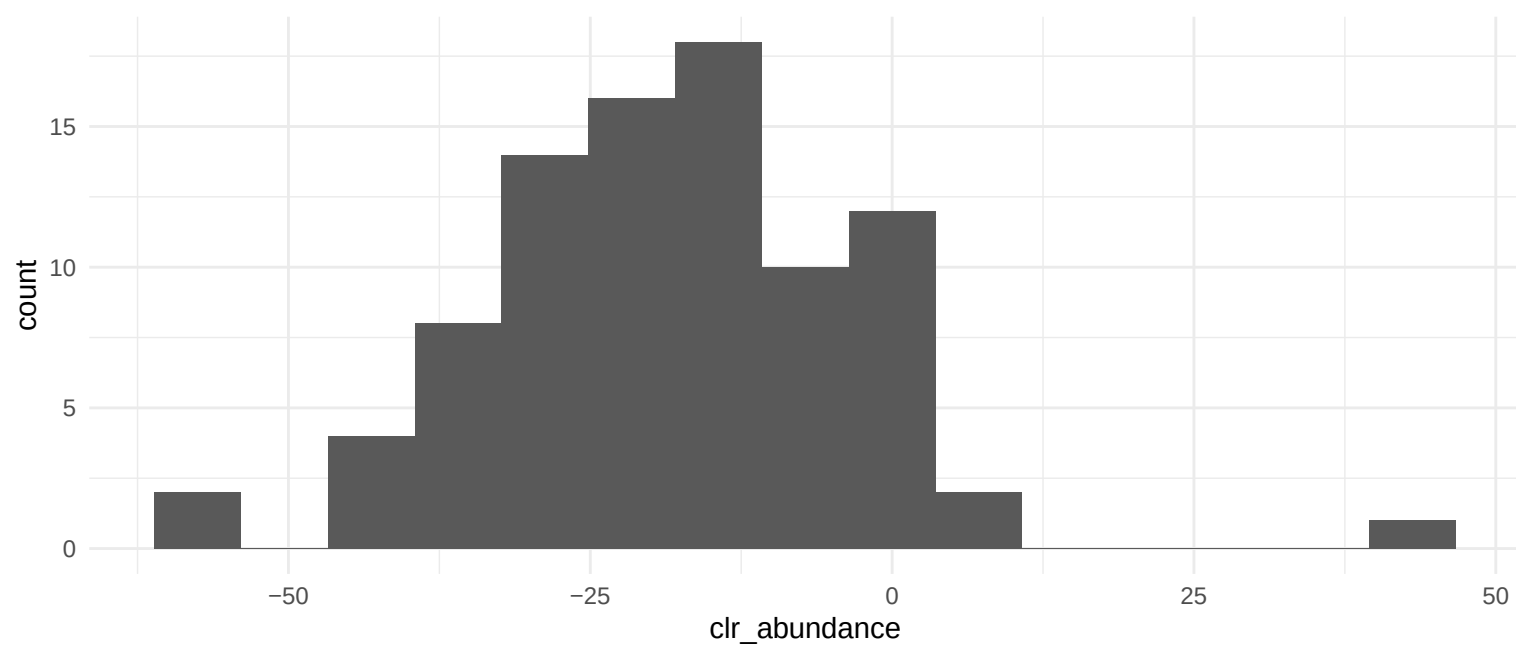

Distribution for 09161 Cancer: overview

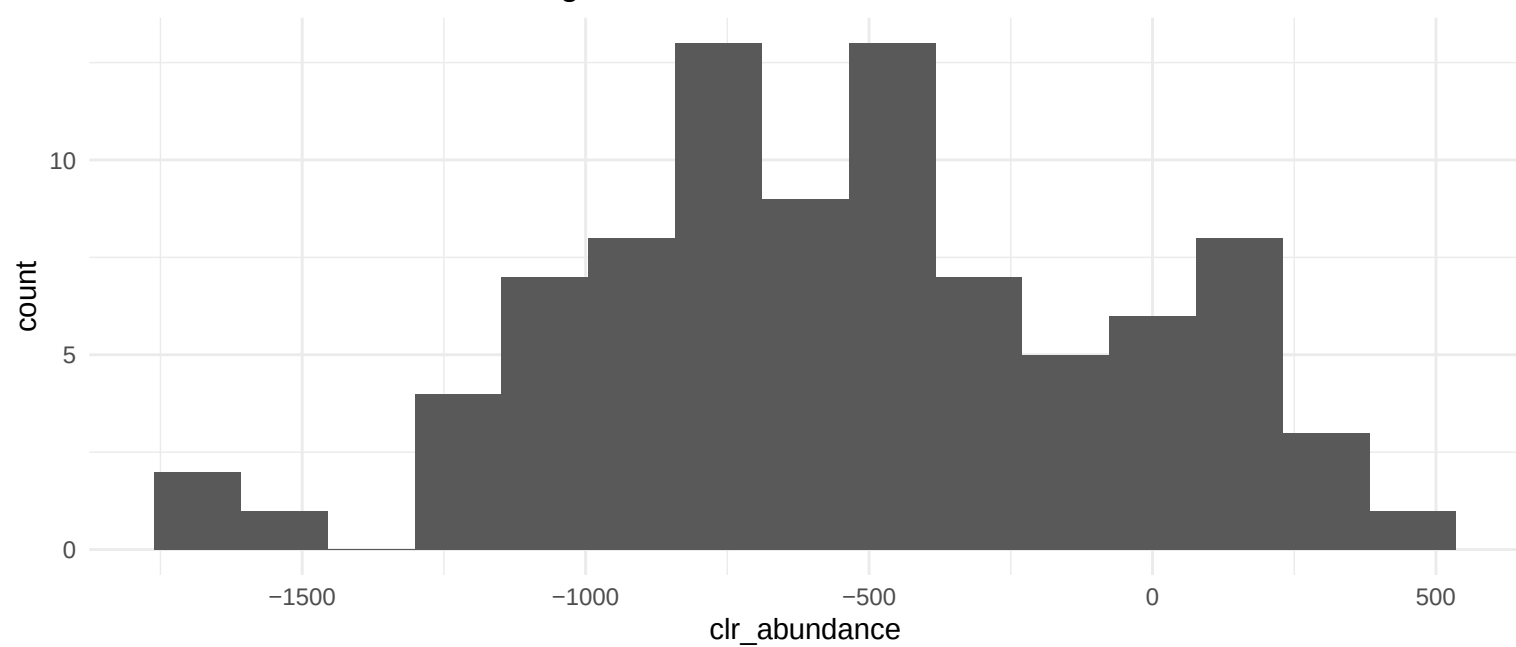

Distribution for 09162 Cancer: specific types

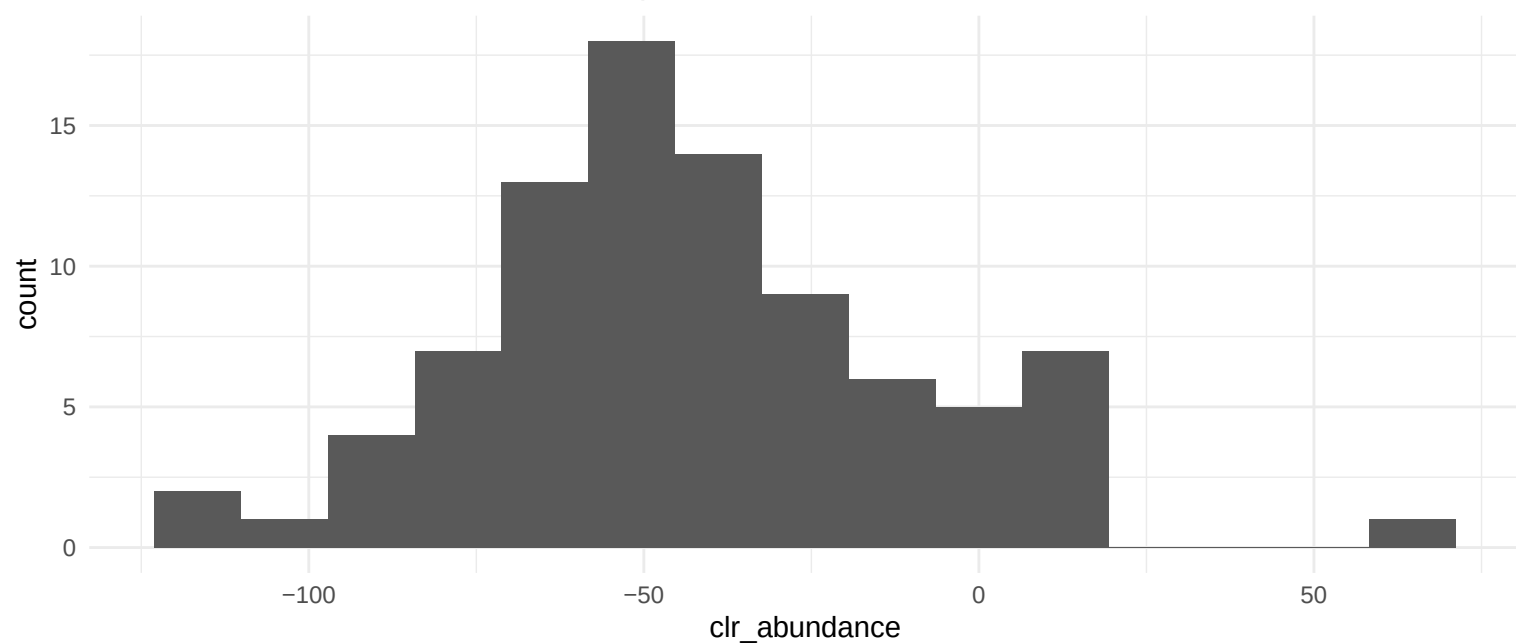

Distribution for 09163 Immune disease

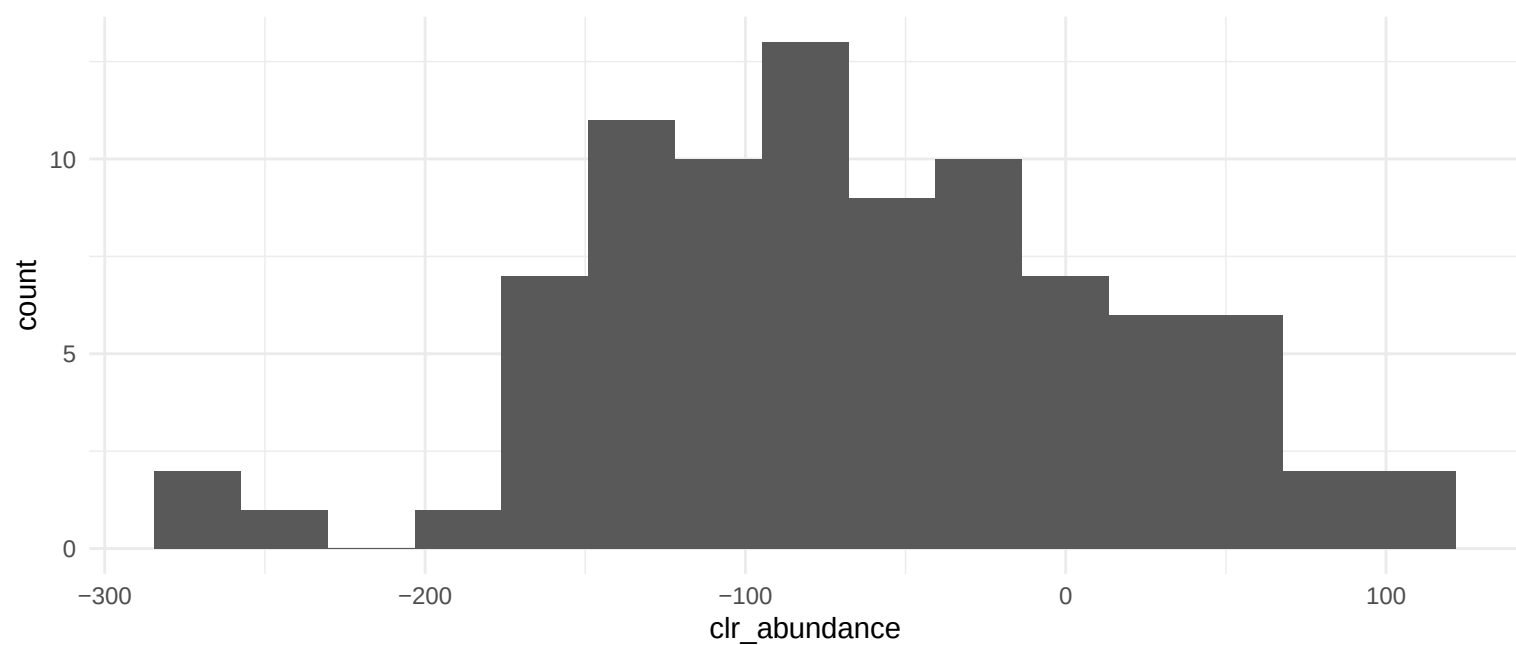

Distribution for 09164 Neurodegenerative disease

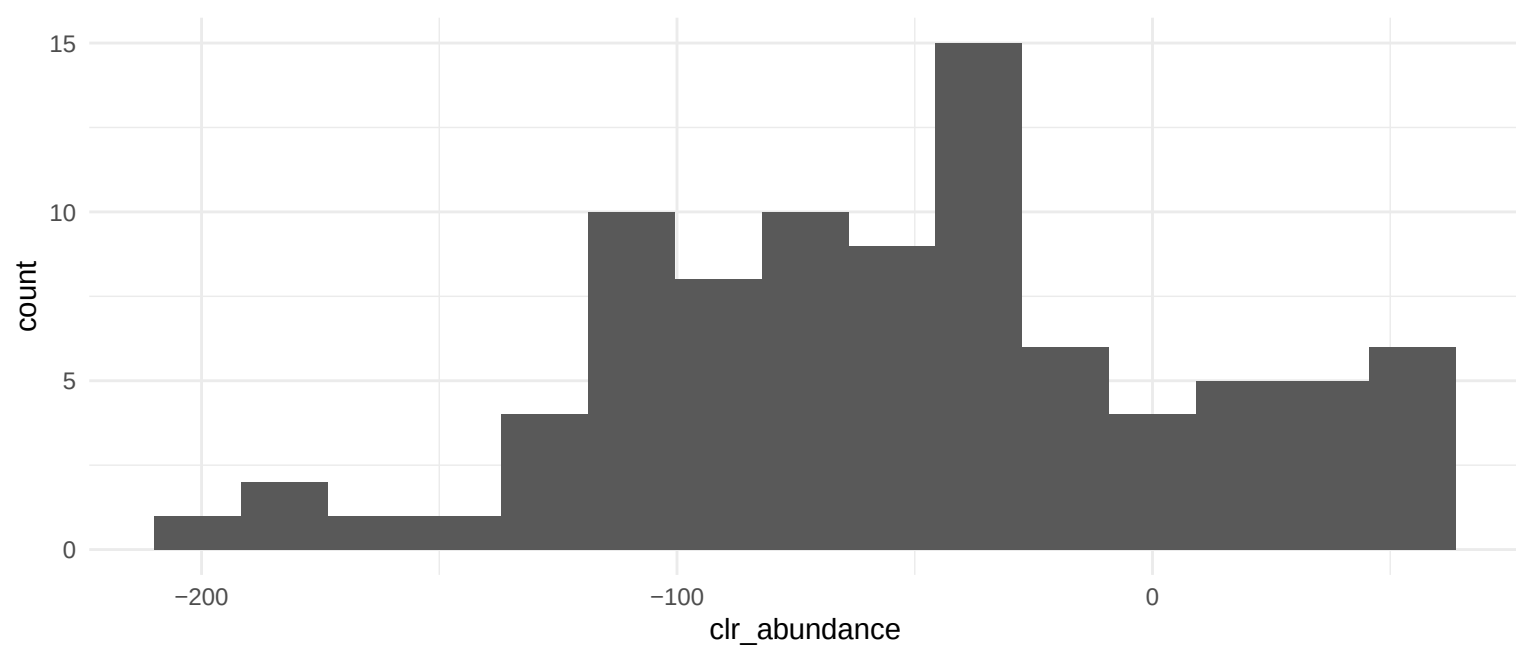

Distribution for 09165 Substance dependence

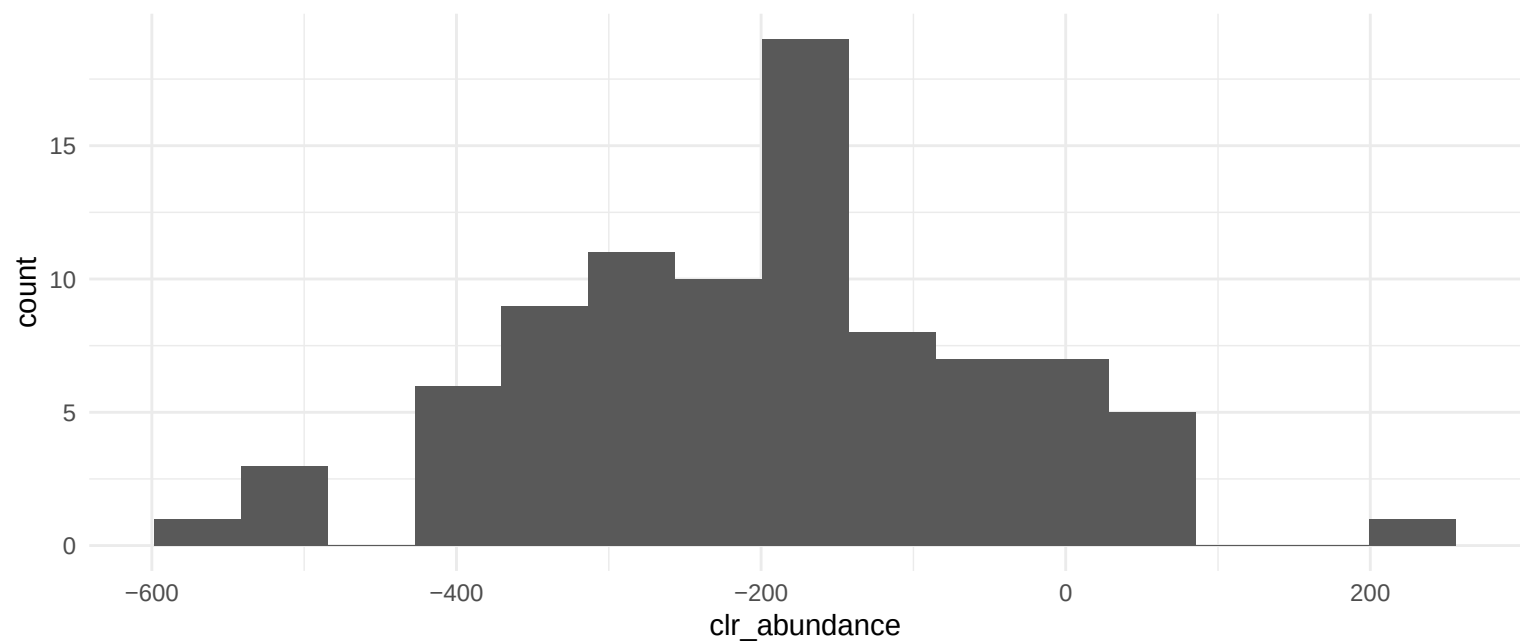

Distribution for 09166 Cardiovascular disease

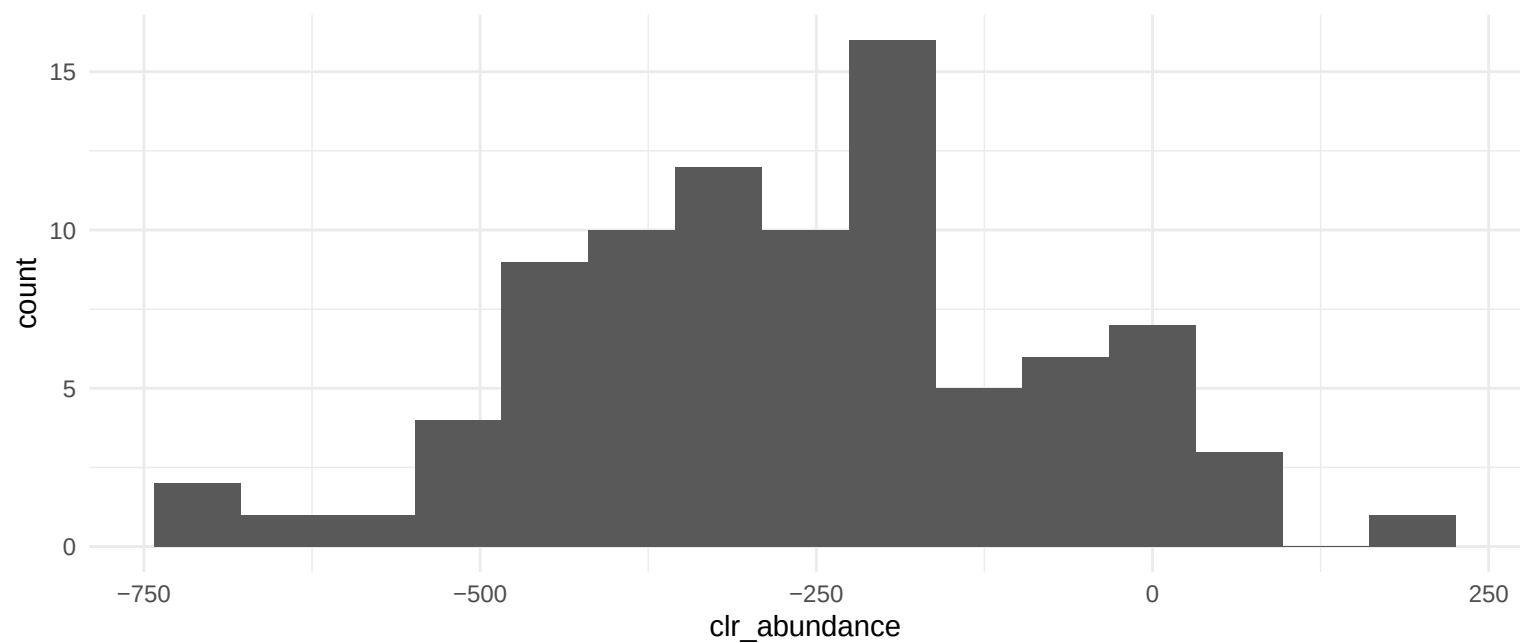

Distribution for 09167 Endocrine and metabolic disease

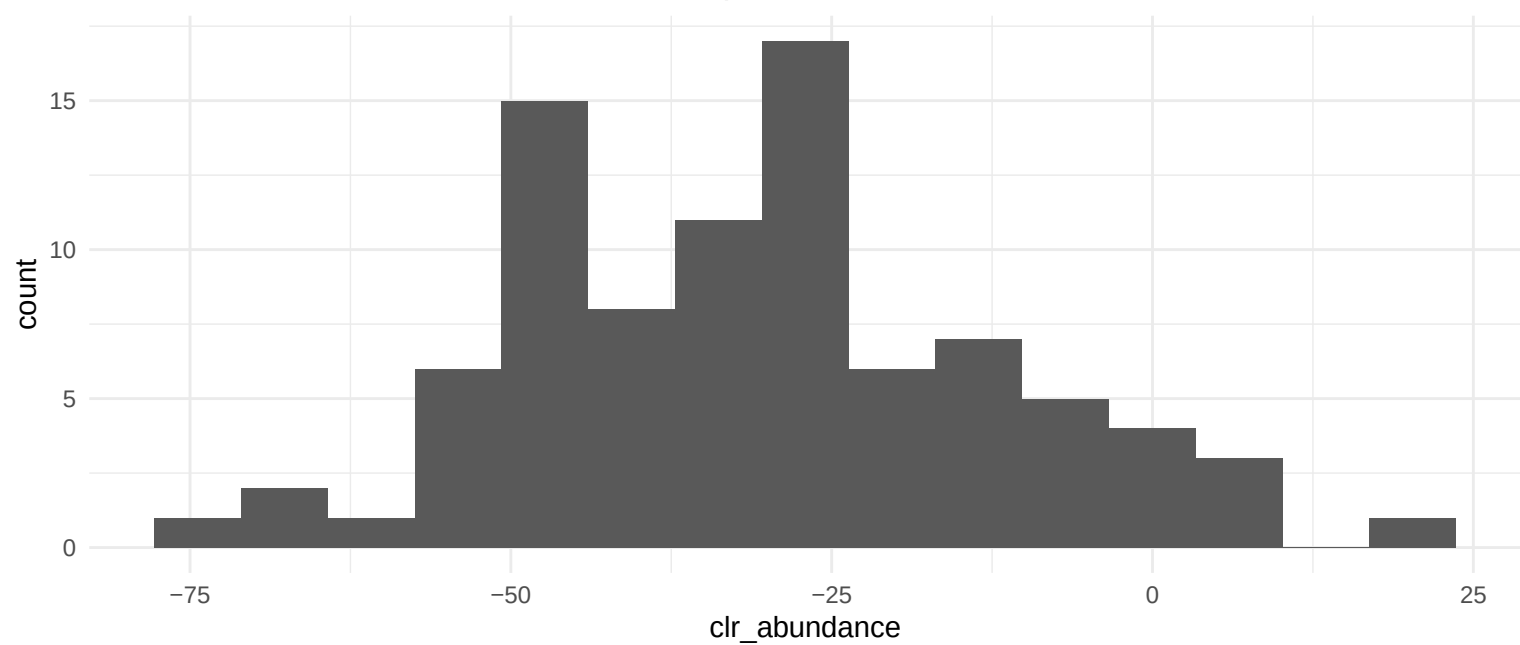

Distribution for 09171 Infectious disease: bacterial

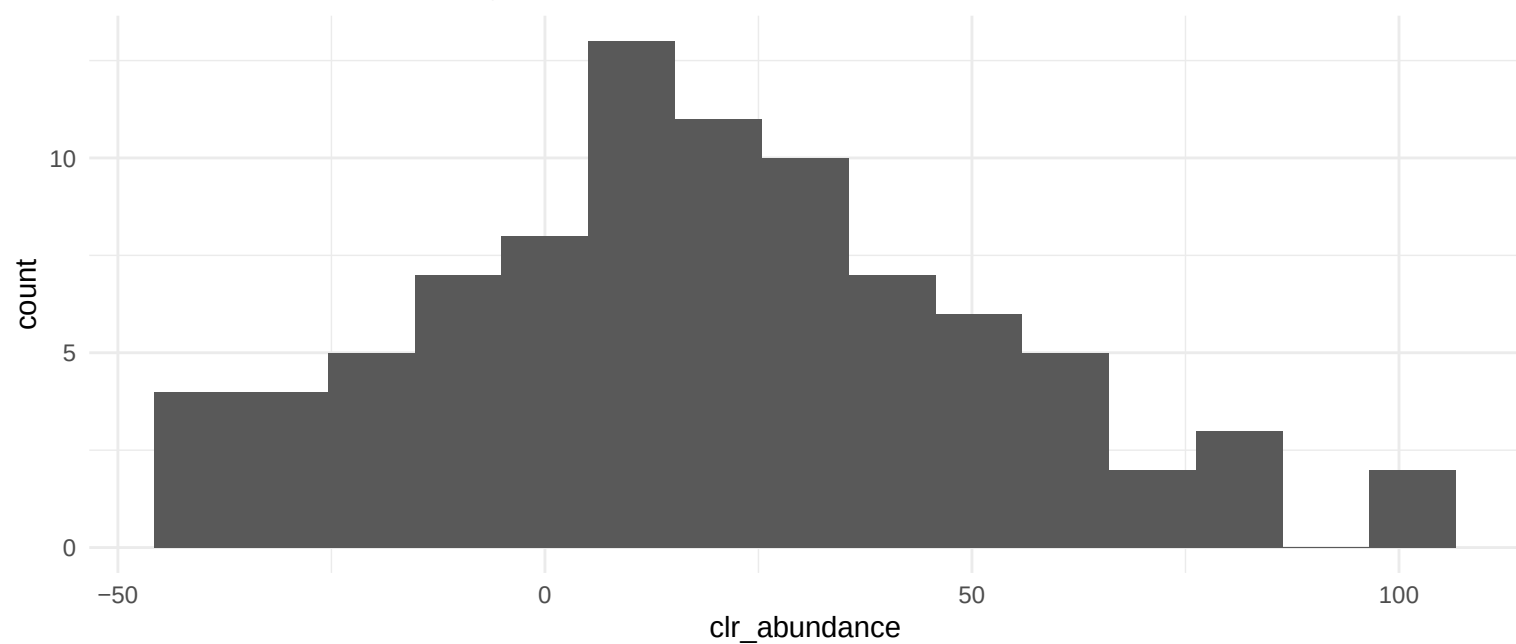

Distribution for 09172 Infectious disease: viral

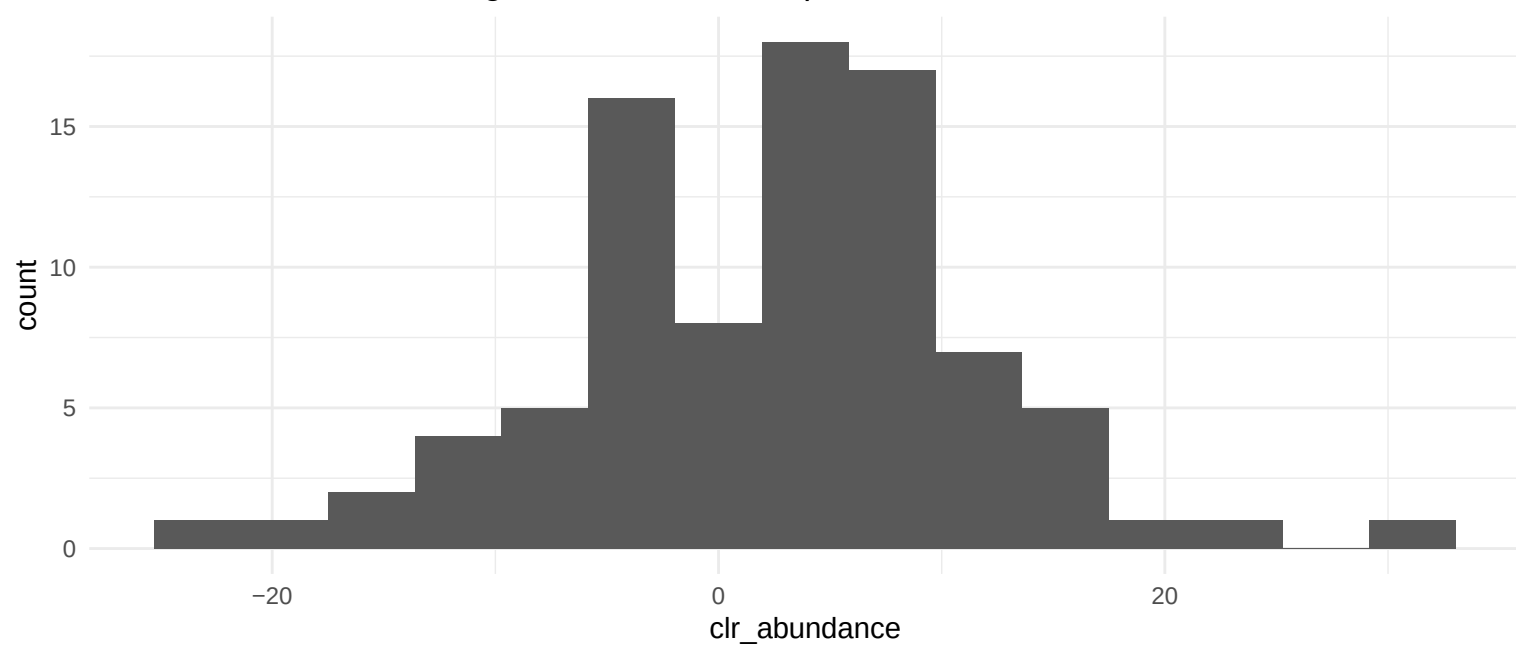

Distribution for 09174 Infectious disease: parasitic

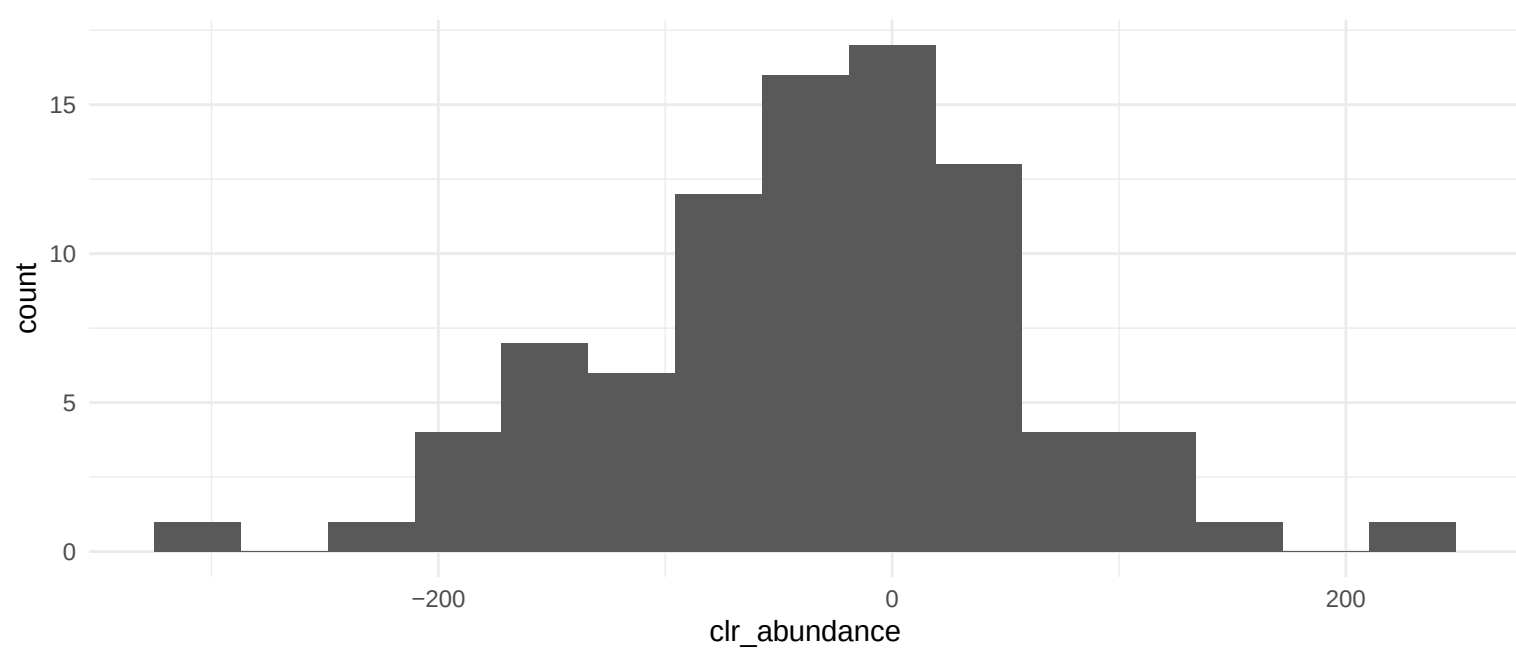

Distribution for 09175 Drug resistance: antimicrobial

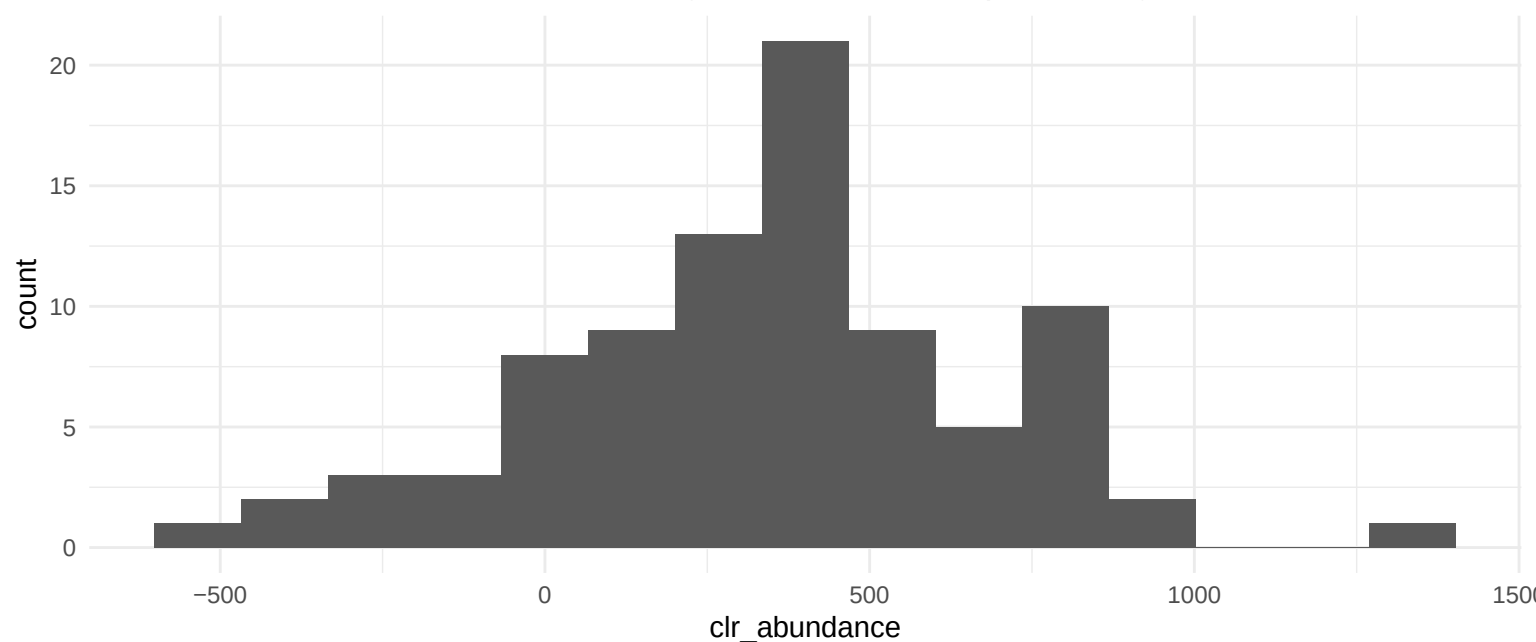

Distribution for 09176 Drug resistance: antineoplastic

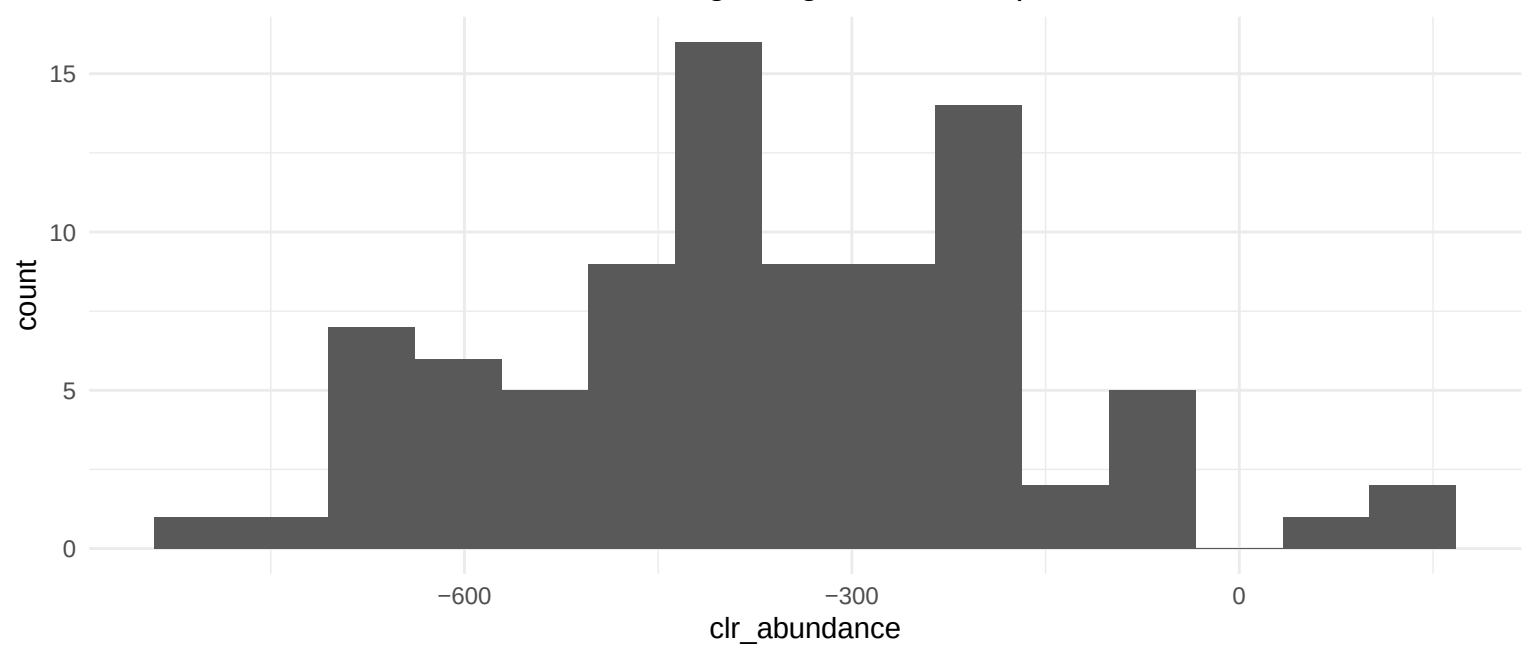

Distribution for 09181 Protein families: metabolism

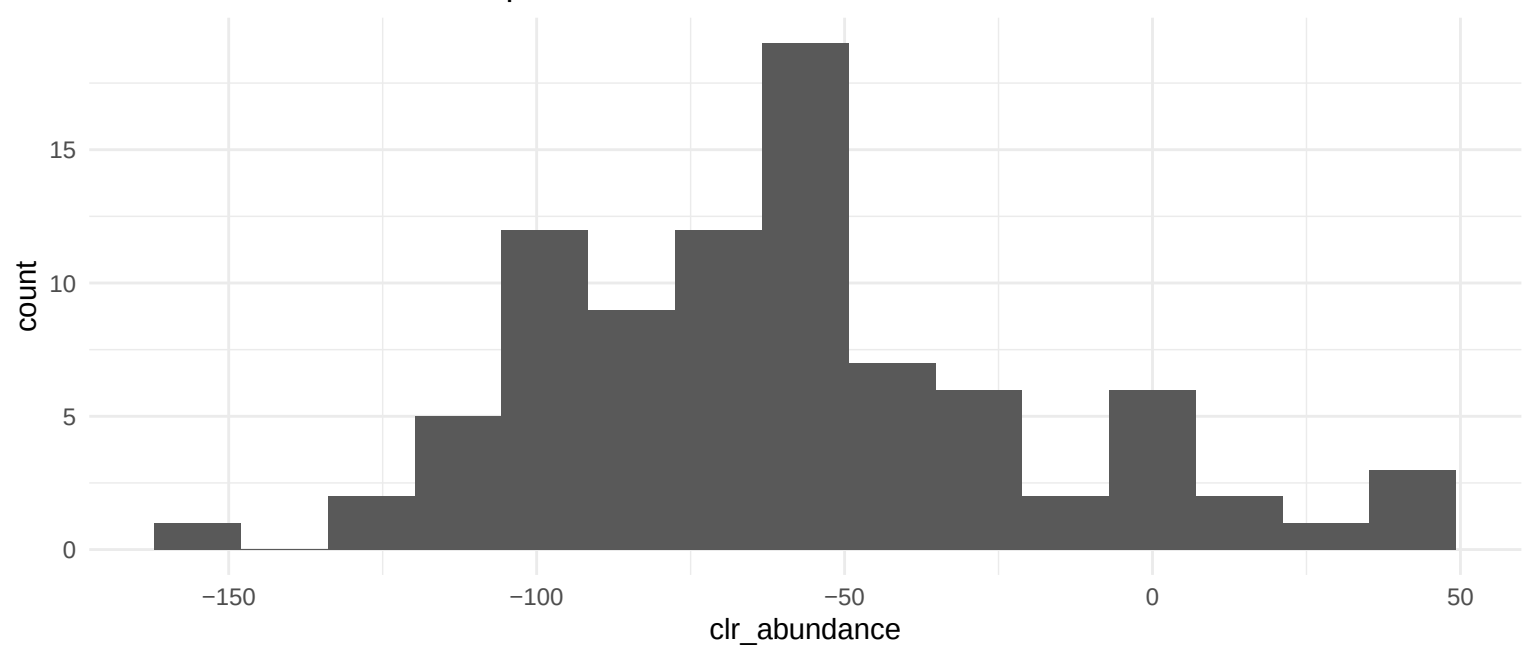

Distribution for 09182 Protein families: genetic information processing

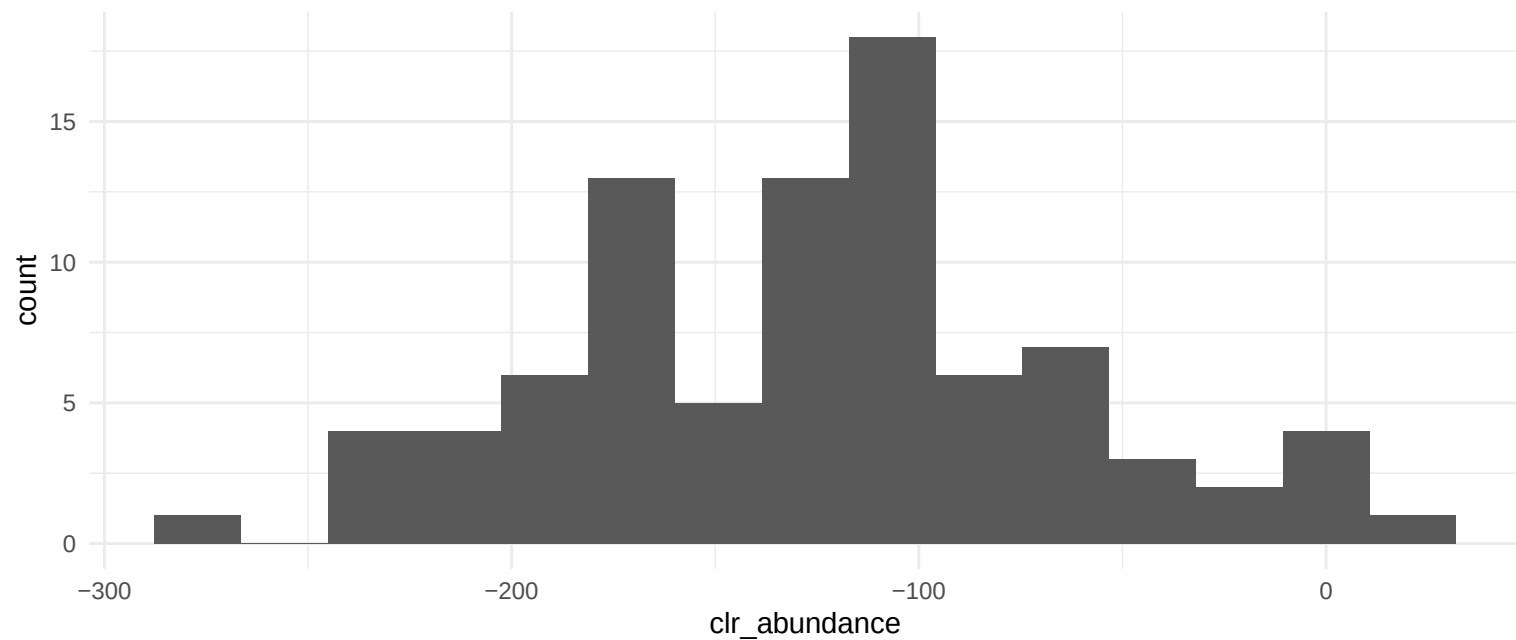

Distribution for 09183 Protein families: signaling and cellular processes

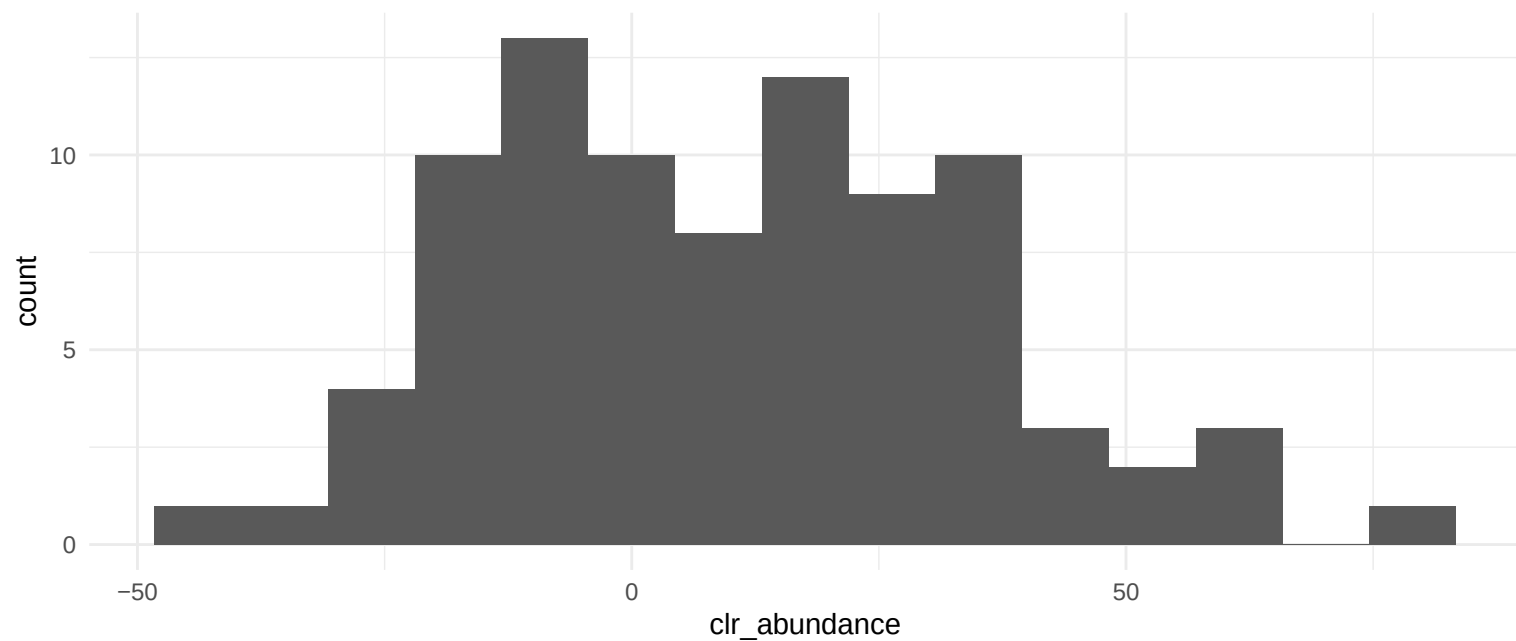

Distribution for 09185 Viral protein families

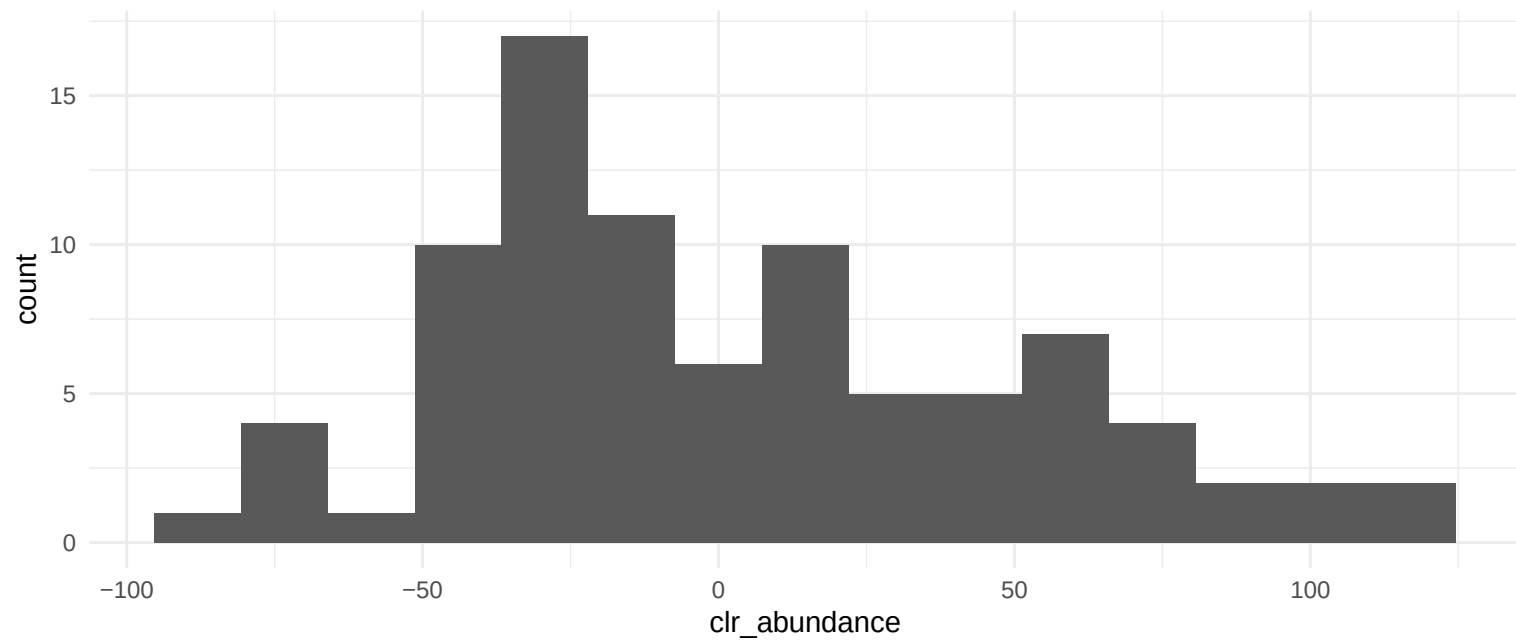

Distribution for 09191 Unclassified: metabolism

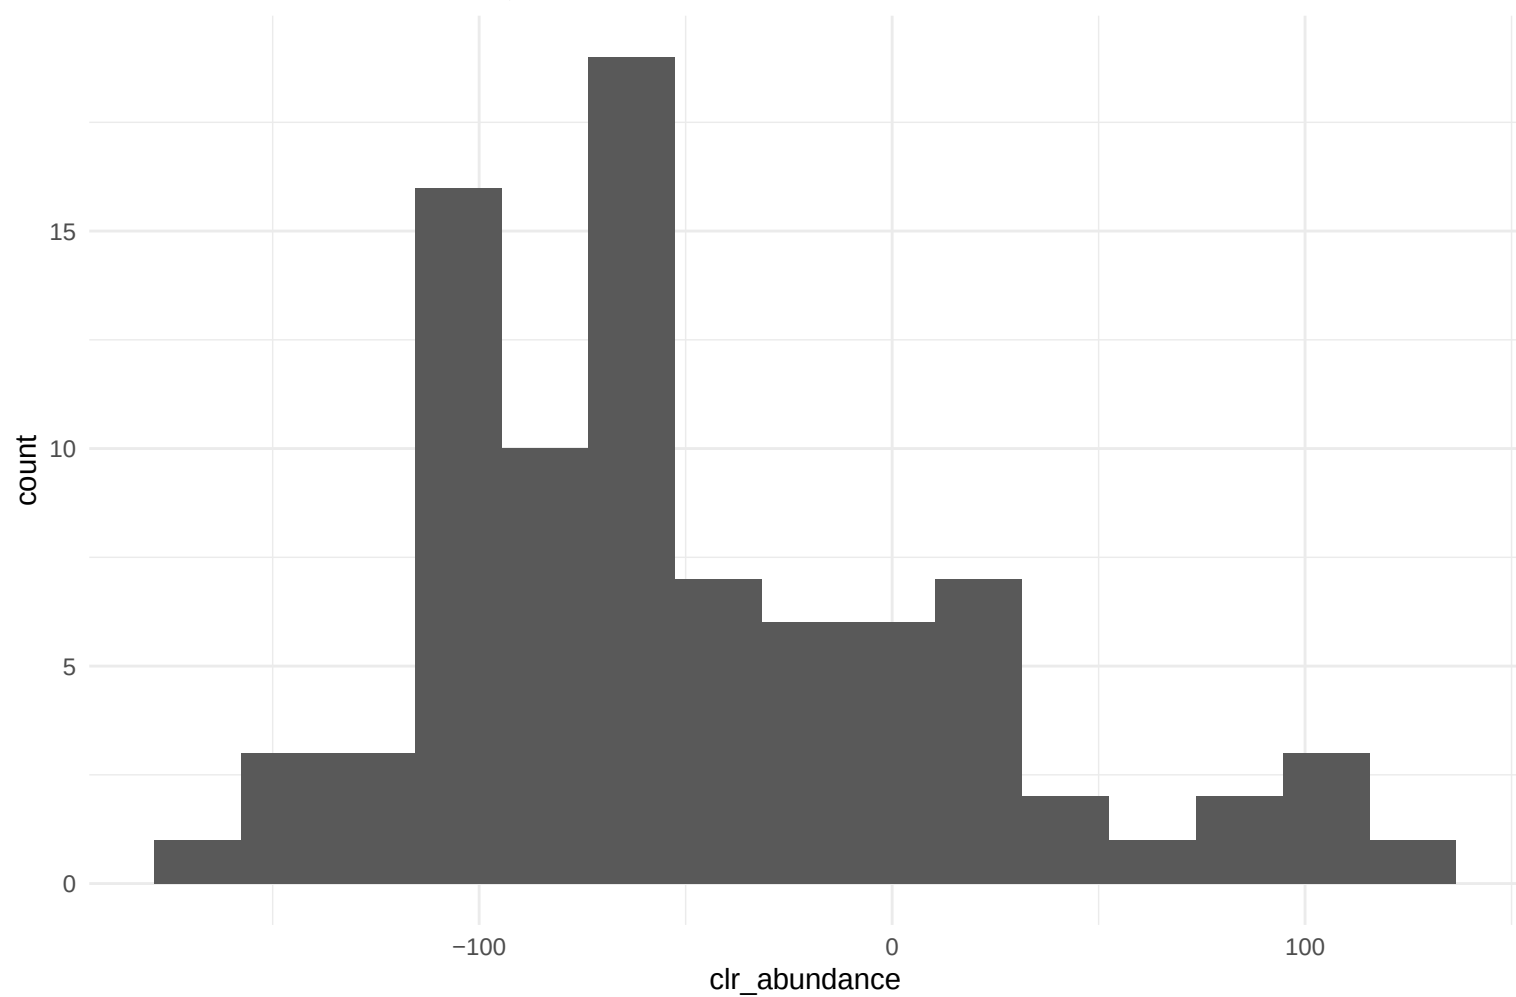

Distribution for 09192 Unclassified: genetic information processing

Distribution for 09193 Unclassified: signaling and cellular processes

Distribution for 09194 Poorly characterized

Distribution for no_assignment
